Gary
Well you made it through the year, without dropping out. I never dreamed we'd have this much fun for 4 times in a row. There for awhile I thought we'd be getting married. Hopefully no more to be the best of times. I'm looking forward to being so nice, and not having to listen to me nag about the best perfect times of our life. Next year I hope I will be the best of the future. Graduation 87"

Zooming by in a whirlwind and hovering in a state of arrest, the moments in high school are a collection of pressures, expectations and companionships. Still, behind the memories are the students who, by contributing their individuality, make each year complete.

1) Krista Jones, Margo Gaydon, and former Knight Toby Roberts look like friends forever.

2) Shawn Gollaher at the first pep rally stands out from the line of football players.

3) Bill Blong's secret to keeping his Mohawk "up" is knox. (That's right, Jell-o!!)

4) The student parking lot, full as usual.

High schools and their students are perpetually known for their large assortment of cliques, and the rivalries that rise between them. Yet, looking past the various groups, one can focus in on each student to see how they have given a part of themselves to the essence of the school.

1) Students make their way to class through the crowded halls. 2) Steve Showers shows his content smile as usual. 3) The spirited letter girls flash the school letters and mascots. 4) John Preckel looks bewilderedly for the camera. 5) #55 John Martorella waits on the sidelines at the Aptos vs. S.H.S game. 6) No one can be like us. 7) Kathy Schmidt and Sybelle Macy show their Soquel school spirit with their blue and gold.

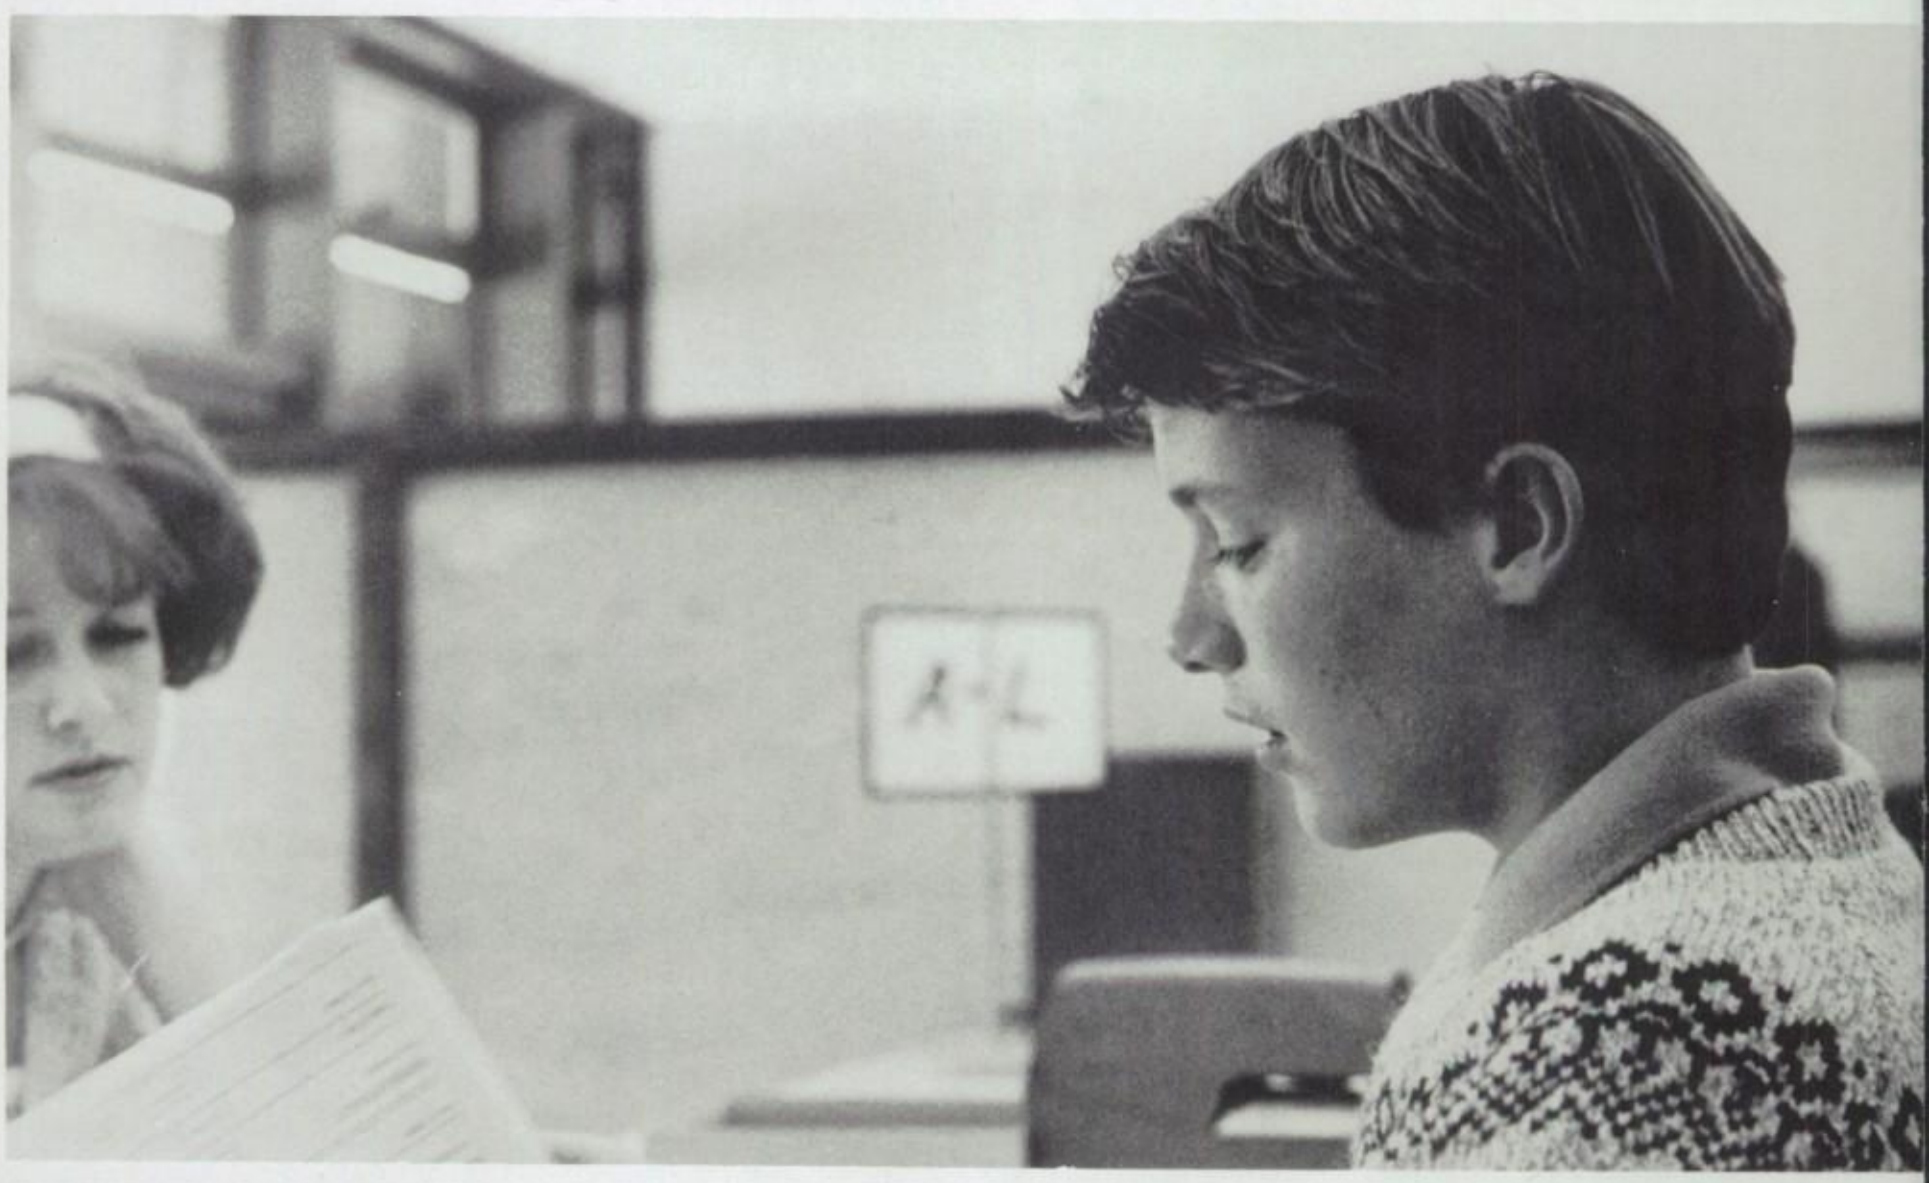
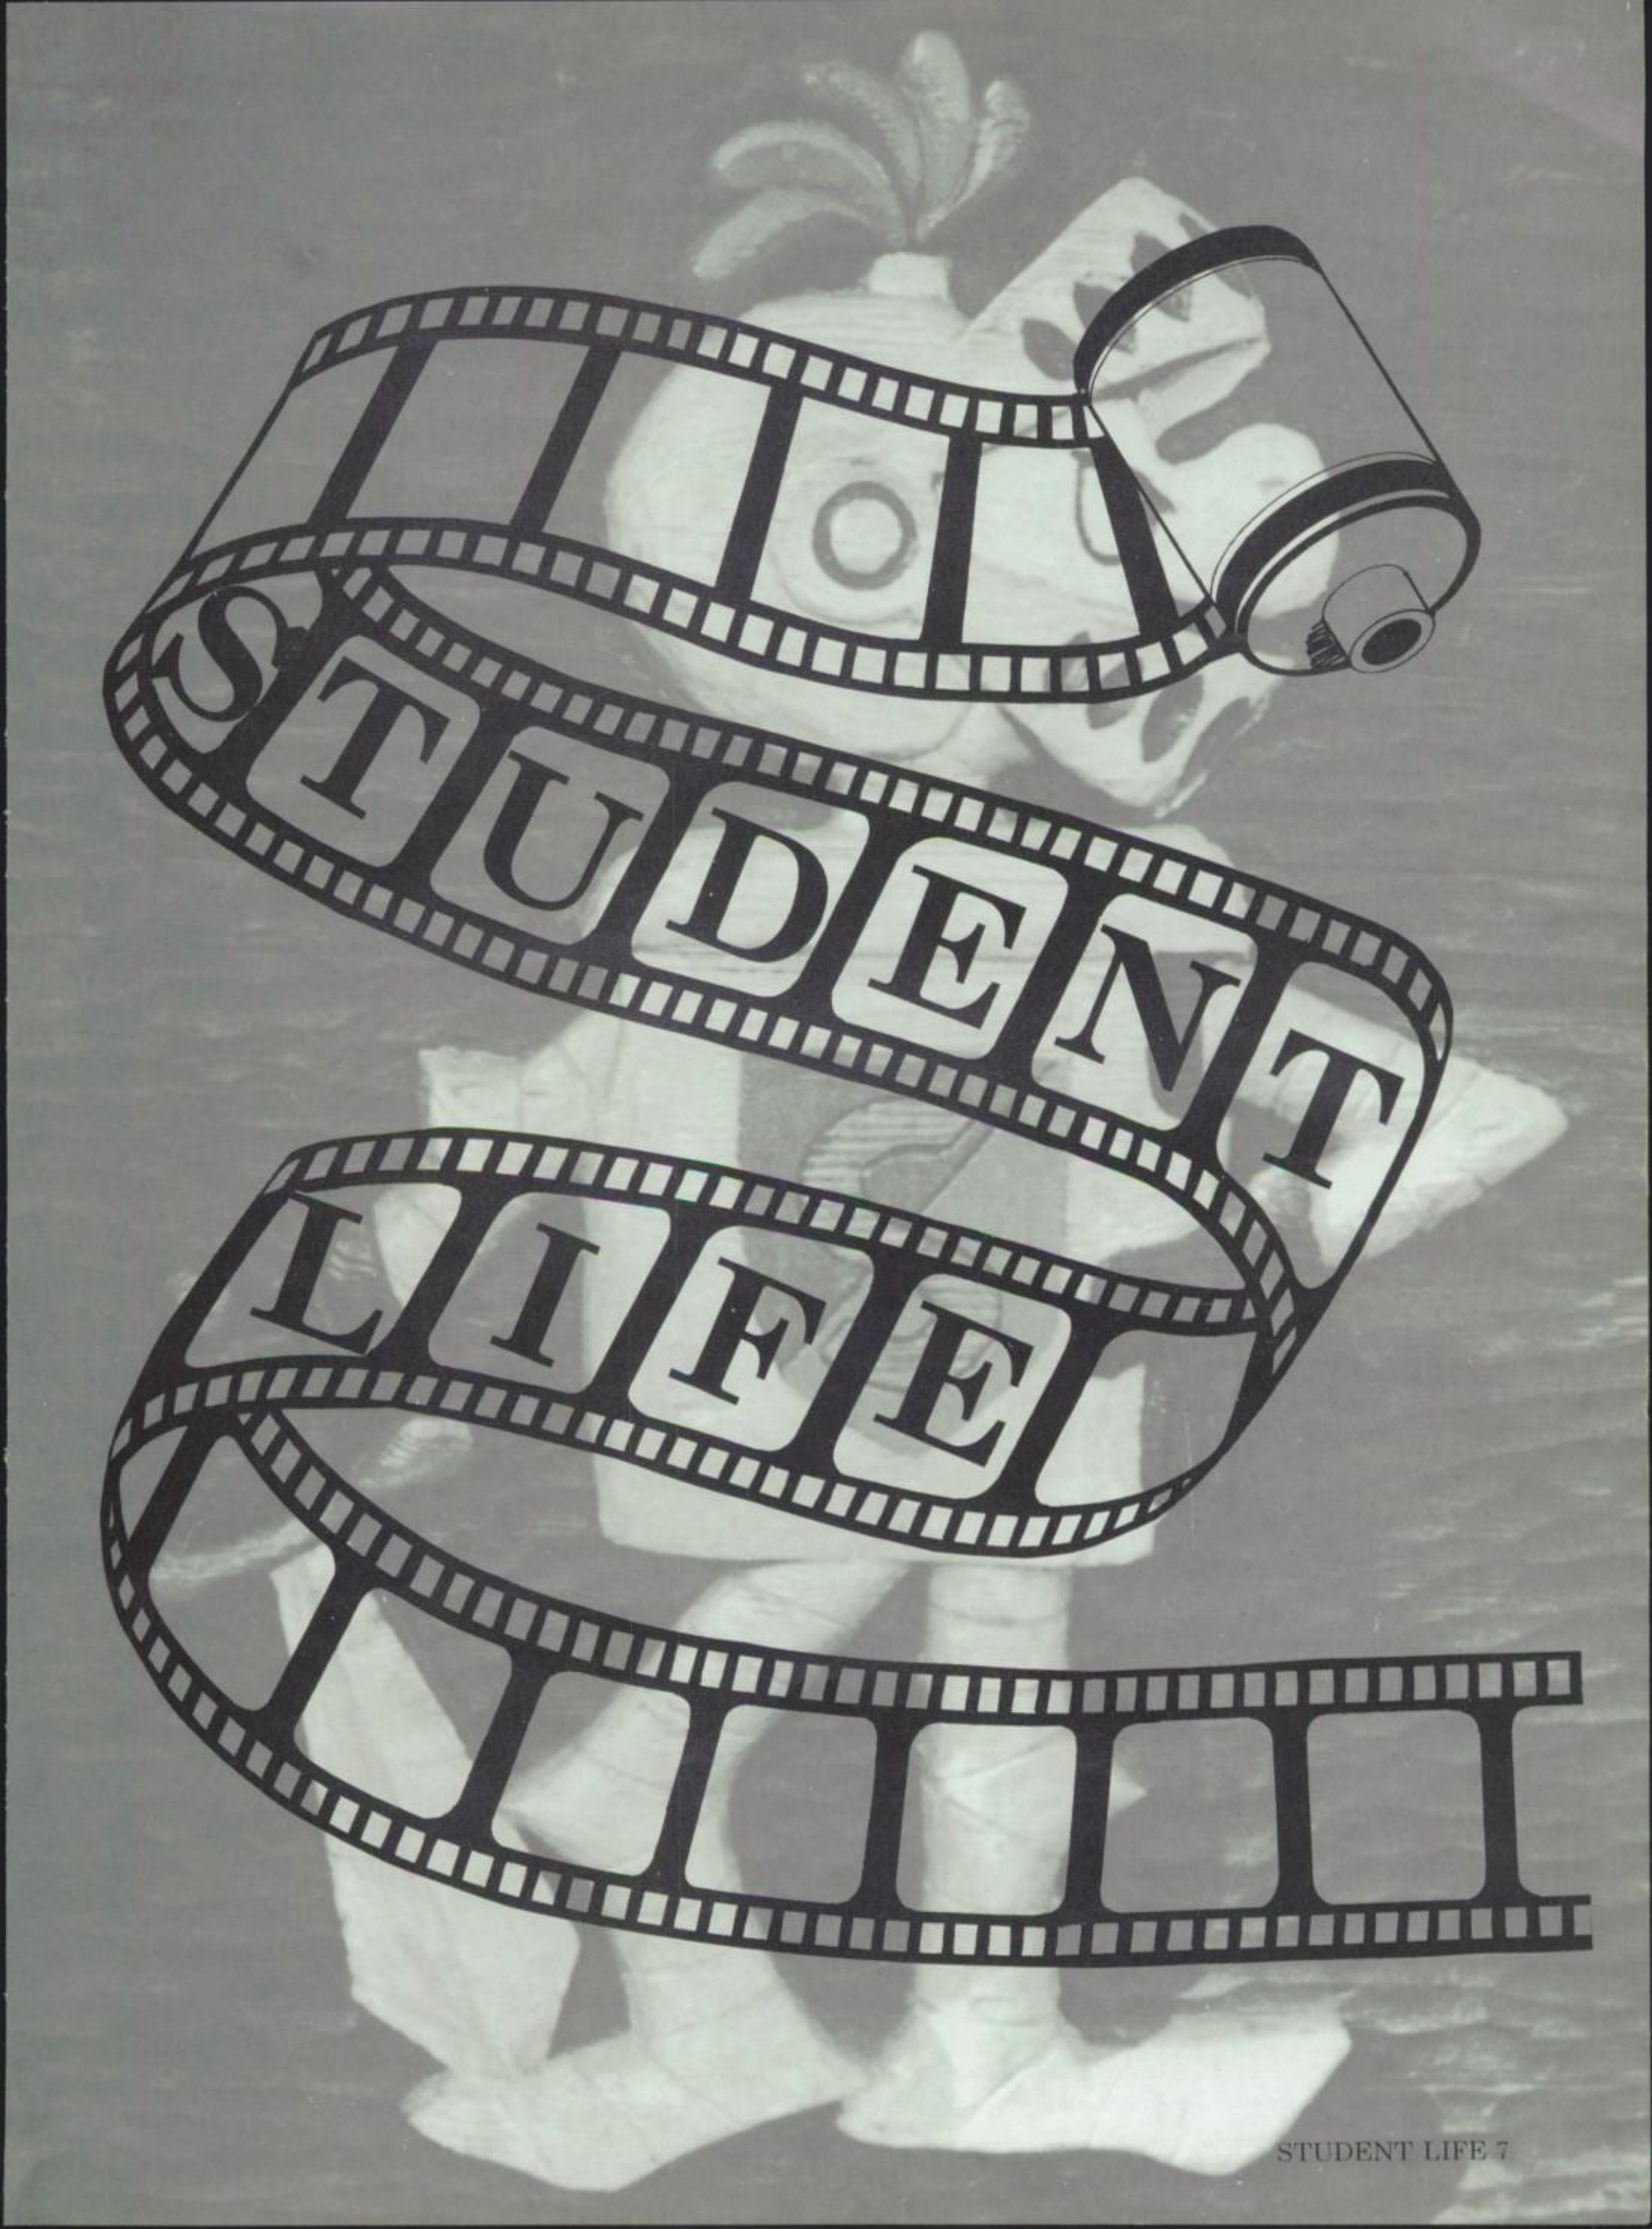
School is more than just a place to study! It's a place where people can interact, learning to focus in and relate to each other, and to appreciate each person for who they are.





STUDENT
LIFE

I•N•F•O•C•U•S

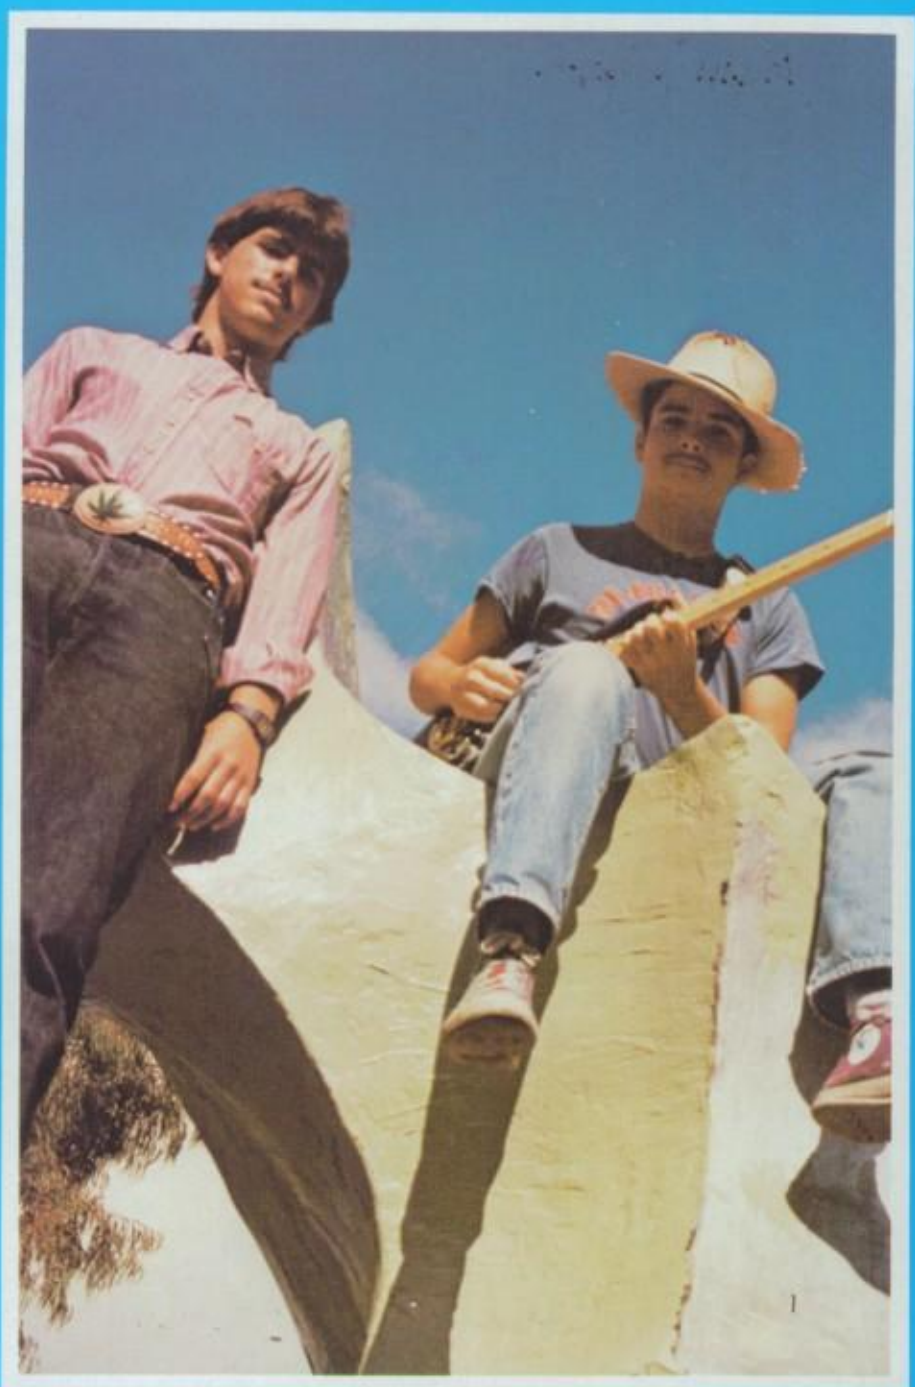
They were in the halls, out in the quad, and even the class rooms weren't safe.

The first annual Camera Day came off with a snap as Knights focused in on all aspects of Campus life.

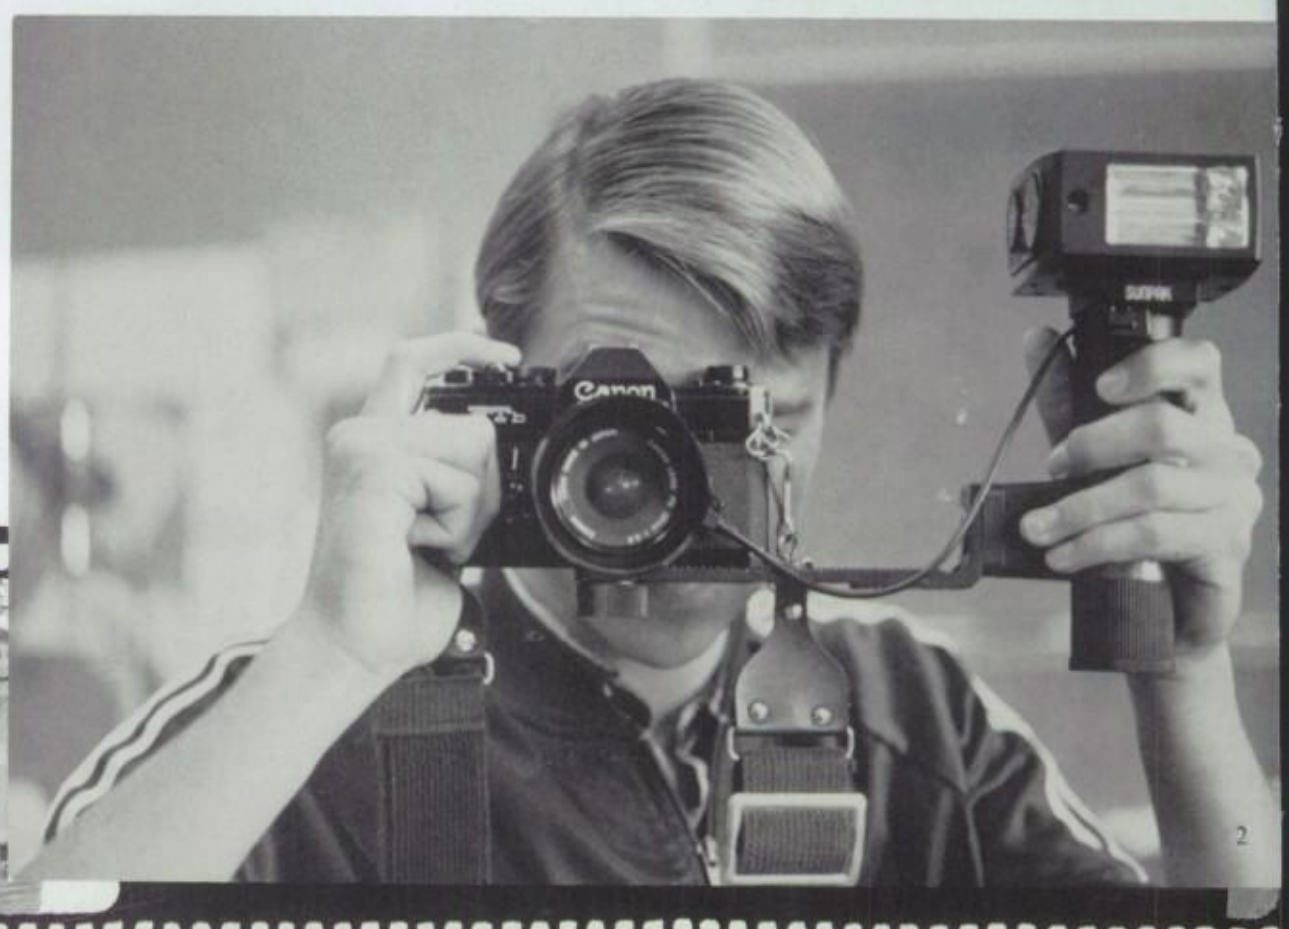
Shutters clicked all day as students, and even some teachers, took advantage of the opportunity to shoot any one and thing in sight.

Camera Day was sponsored by the yearbook staff, and everyone was encouraged to submit their photos to the Citadel staff for use in this year's book. Inspired by the chance to win cash prizes, both novice photographers and camera buffs turned in their best efforts. Top prize was $25 and 2nd and 3rd prizes were $15 and $10 respectively. As promised, the yearbook staff judged the photos and awarded prizes for the top three photos. The runners up as well as most all of the entries are found throughout the book. Many thanks to all participants in the Camera Day contest, and we expect next year's "shooting" to be even better.

1) Matt Hutchinson captured first prize with a view of Serge and Kaill focusing on Soquel from the top of the infamous green sculpture. 2) The theme was carried out by David Verduzco with his second place photo.



1



2

Third place was split between Audrey Munson and Julie McMillan for photos 3 and 4. 3) "Holy Cow! There's a camera pointing my way!" 4) "Hey cutie, going my way." 5) Travis Chelleam with an honorable mention. "Golly gee, I think someone's taking a picture of me."

KNIGHTS FOCUS

I•N•F•O•C•U•S

Painted faces, masks, dyed hair, and costumes of all sorts decorated the Soquel halls. What was the occasion? Halloween—of course!!

Events of the day included a pumpkin-carving contest and a costume-judging contest while the Pom-Pon girls gave their version of the rap "The Freaks Come Out At Night."

The fact that Halloween fell on a Thursday night this year was not enough to keep Soquel High students at home. Students were found at the Civic dancing at Back Seat Video, at parties, and watching scary movies.

Overall, Soquel's Halloween proved to be quite fun and exciting for all who were involved.

1) Soquel comes alive for Halloween in costumes of all sorts. 3) Sophomores Erika Siefkin, Jenny Montero and Dorene Henn display their Indian princess dress.

ON HALLOWEEN

2) Senior Jerry Rodriguez dressed in fatigues, threatens all who stand in his way. 4) A lonely pumpkin looks on at the pumpkin carving contest. 5) Unidentified green person lurks in the shadows and watches the ongoing events while participating in the costume contest.

Homecoming is a festive time at Soquel High. Friday, November 8th, was the Homecoming Rally which honored the nominees and their escorts. The homecoming nominees along with their escorts, circled the track in a beautiful array of cars and were individually announced to the entire student body.

Saturday, the 9th, was a spectacular day that will be remembered by all who were there. At half time of the football game, the time had finally come to see who would be crowned Homecoming Queen of Soquel High.

As all eyes were focused on the football field, the nominees were escorted onto the field by their fathers. The Homecoming attendents were then announced to the crowd in alphabetical order; Kendra Moore, Meggin Pozzi, Susan Pylant, and Elisha Santiago. Then the princesses were introduced; 2nd Princess - Barbara Glusco and 1st Princess - Heather Lovering.

With tears running down her face, Jennifer Lovering was crowned Homecoming Queen of 1985-86!!
The day was a smashing success and was made even more spectacular by a Soquel victory over S.L.V.

That "Knight". much like the day, was a huge success. A Homecoming dance, put on for the nominees, was enjoyed by all who attended. There, the Queen and her court were again announced. Queen Jennifer was swept off her feet by escort Pat MacCrone and was carried in front of the crowd.

Homecoming of 1985-86 will not soon be forgotten by most, but will always be remembered by those seven senior girls.

HOMECOMING HIGHLIGHTS

1) "David...where are you?"
2) Daddy's little angels!
3) Like mother like daughter, smiling ear to ear with quite a memory to hold.
4) Bob Verduzco sets his line for a charge in a rout over S.L.V.
5) Homecoming rally full of spirit as cheerleaders jump for joy!
6) Standing with tears galore, an emotional and exciting day for the Royal Lady.

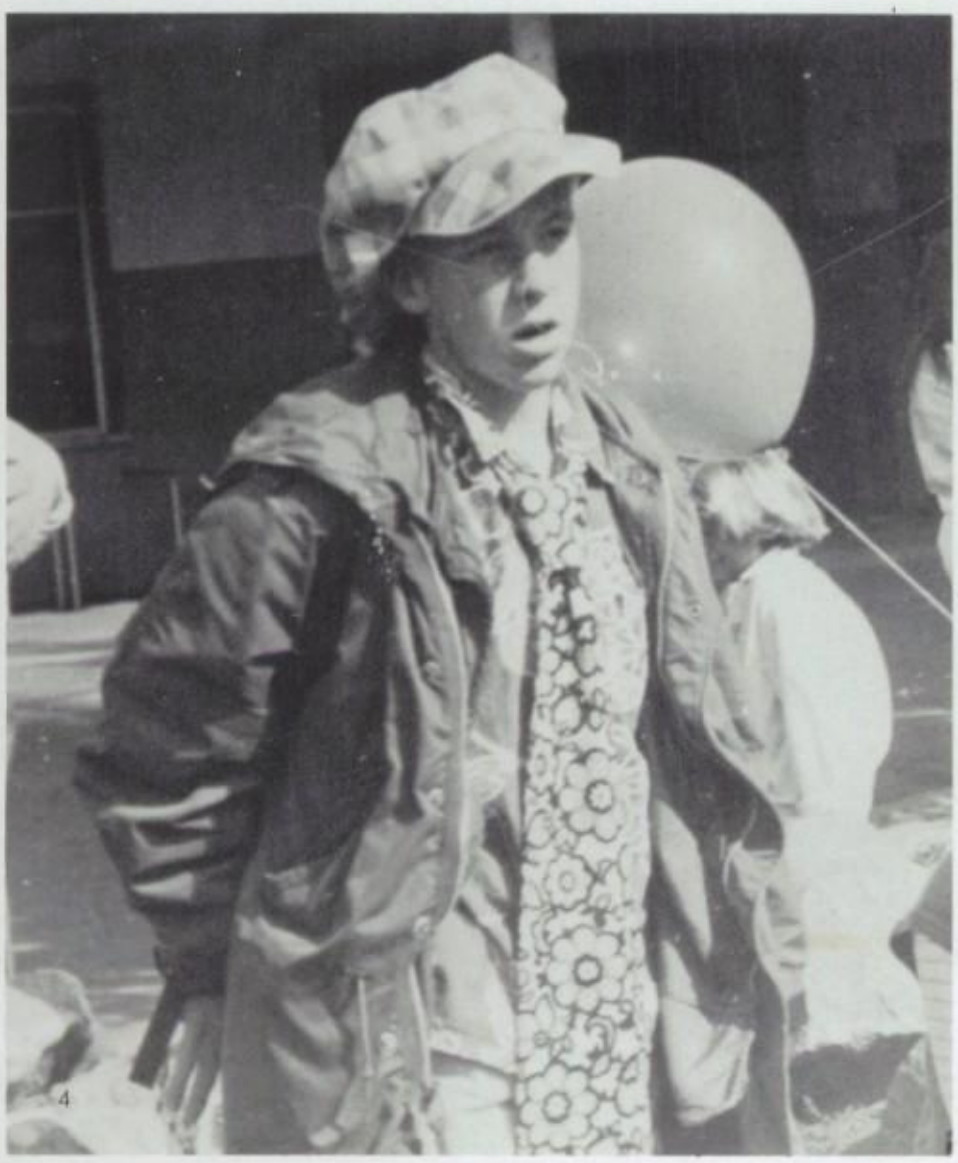
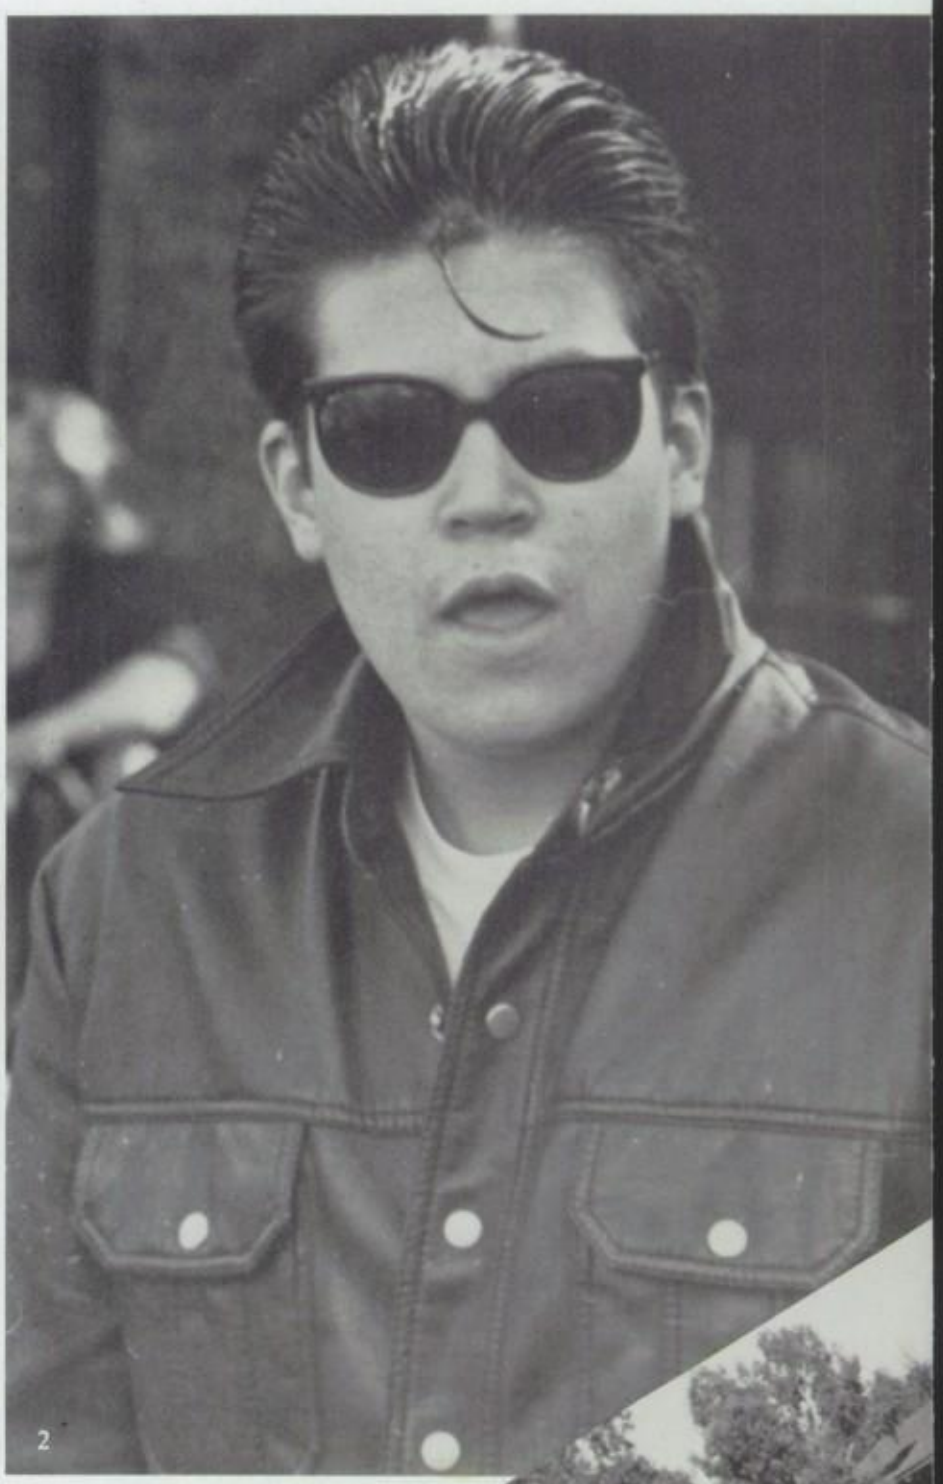
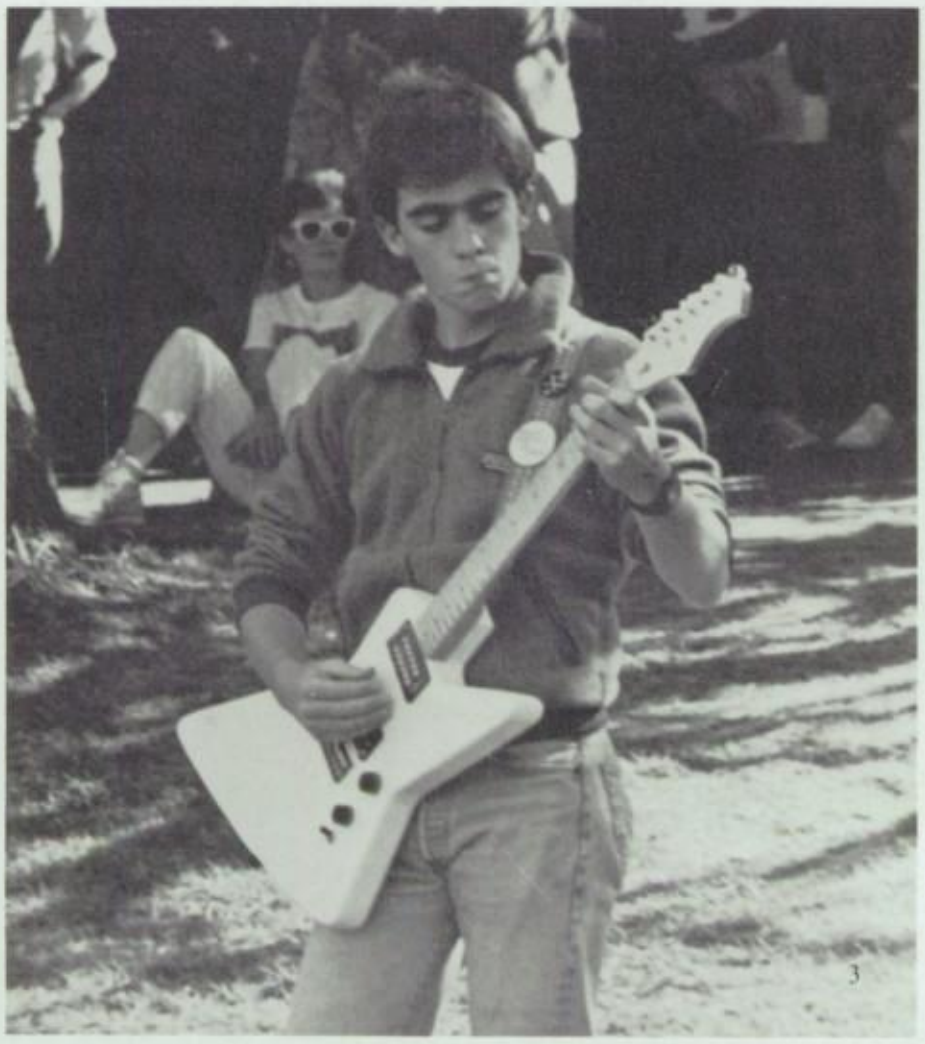
SOQUEL SPIRIT SHINES BRIGHT

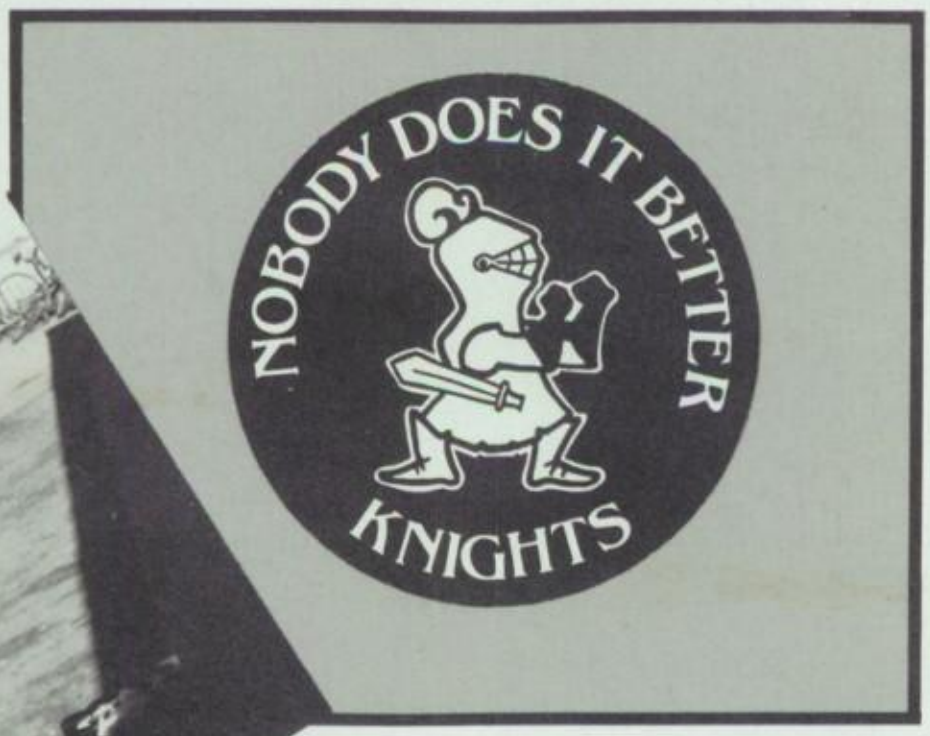




I•N•F•O•C•U•S

As the football team prepared for the homecoming game against S.L.V. by practicing, the rest of the student body prepared by dressing up during spirit week.





Day #1 began with a bang when the freshman presented hat, tie, and shades day. The activity during lunch was a tricycle race around an obstacle course. Believe it or not, the freshman won, maybe because they're the smallest!

On Tuesday, it was animal day. A pie eating contest prepared by the sophomores took place during lunch and senior, Pat "Big Mouth" MacCrone ate his lemon meringye pie the fastest.

Hawaiian/Tourist was Wednesday's theme. During lunch there was a lifesaver pass.

Happy Days were here again when the seniors presented 50's day. The lipsinking contest was funnier than ever when students showed their talent by mouthing words to songs.

Soquel's traditional Blue and Gold Day was on Friday along with the rally when the homecoming nominees and their escorts were introduced. And to add to the spirit of the week, buttons and blue and gold balloons were passed out to those who were dressed up.

1) Richelle Rutherford and Stacy Davenport, aren't they cute? 2) Is this Peter Rebman or Elvis Presley? 3) Robby Wilks, sophomore, jams on the guitar. 4) Nice tie Chris Oswald! 5) Jon Walden, Sandy Wilhemi, Robin Shirley and Amy Stanton touring the campus.

Eightyspeak! That's the word that describes the way we dress in the eighties because our styles say something about us. As we focus on people at Soquel, we see fashion unleased in a way that breaks tradition.

Zeoring in on clothing this year we see uniqueness and originality. The trend is originality.

So how do we manage to stand apart and find our own nitch? To some, fashion is a hobby and they spend alot of time perfecting and polishing their expressive looks. To some, it's a way of life and have no trouble showing their own personal style. And then there's some students who really don't care. This is another aquired style.

A certain synchronicity of shape, color and thought in our fashion closes the gender gap, which causes great controversy in feelings and attitudes.

Spirit Comes Into Focus at Noon

Lunch time is the right time to get everyone involved with their school spirit. And that is what those cheerleaders are doing, getting us students involved. We must give the rah rahs a lot of credit for promoting Soquel. Without them where would we be?

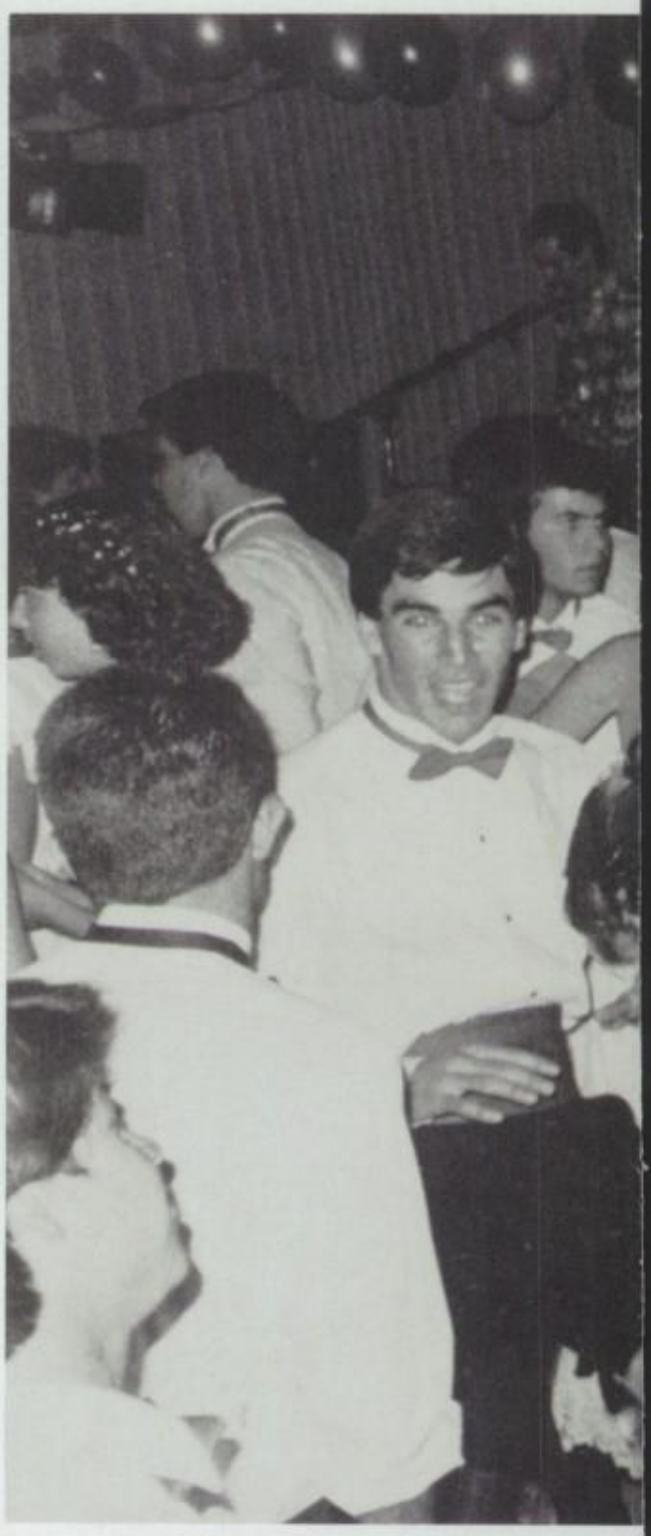
Rallies are the best way to get the school's enthusiasm pumped up before a big sport event. It is always fun to see your friends out there playing off-the-wall games. And watching the talented poms strut their stuff to the tunes is entertaining too.

The one rally that attracted the most students this year was the lip sinking contest during spirit week. It was a new type rally and lots of fun too.

1) Cheerleaders do another terrific cheer! 2) Students participate in afternoon rallies, L. to R., Will Schwab, Gordon Spaulding, Gina Guerrero. 3) Varsity Pom Pons L. to R. Danielle Wilkes, Jonnel Yantis, Dana Tosta, and Barbara Glusco. 4) Varsity Cheerleaders all in perfect formation. 5) All spirit leaders doing a cheer at a home game.

"A Winters Night"

We danced our feet off until one o'clock to the spectacular sounds of the Tanglers and Rented Tux. "A Winters Knight" was the theme for our 1985 winter for-



for the Knights

mal, which was held at the Cabrillo College Student Center.

The formal had a large turnout with students wearing glittering gold to velvet black, pink taffeta to red satin, and a range from white to black tuxes, Everyone was dressed for the occasion!

The 1985 "A Winters Knight" was definitely a night to remember !

1) Sean Gollaher can't quite get the beat. 2) Rented Tux fires up the crowd for a night of wild dancing. 3) Barbara Damon and date take a break and watch the action. 4) After an evening of wining and dining, the Knights dance into the night.

Decking The Halls at Christmas

This holiday season to decorate our halls, students painted classroom windows and doors. Everyone learned how creative and artistic our Soquel High students are!

Those who judged were: John Ferrier, John Dominguez, Kim Patterson, Joe Hyatt, Jacquie Joder, Keith Moore, Mike Eastman, Ellen Luciao, and Jorge Franco. The tough decision was finally made when the freshman social studies class, room 111 was awarded first place and was given the grand prize of a big Togo sandwich. This was teacher Robin Straub's classroom. All other students who entered the decorating contest received a gift box of holiday candy prepared by A.S.B.

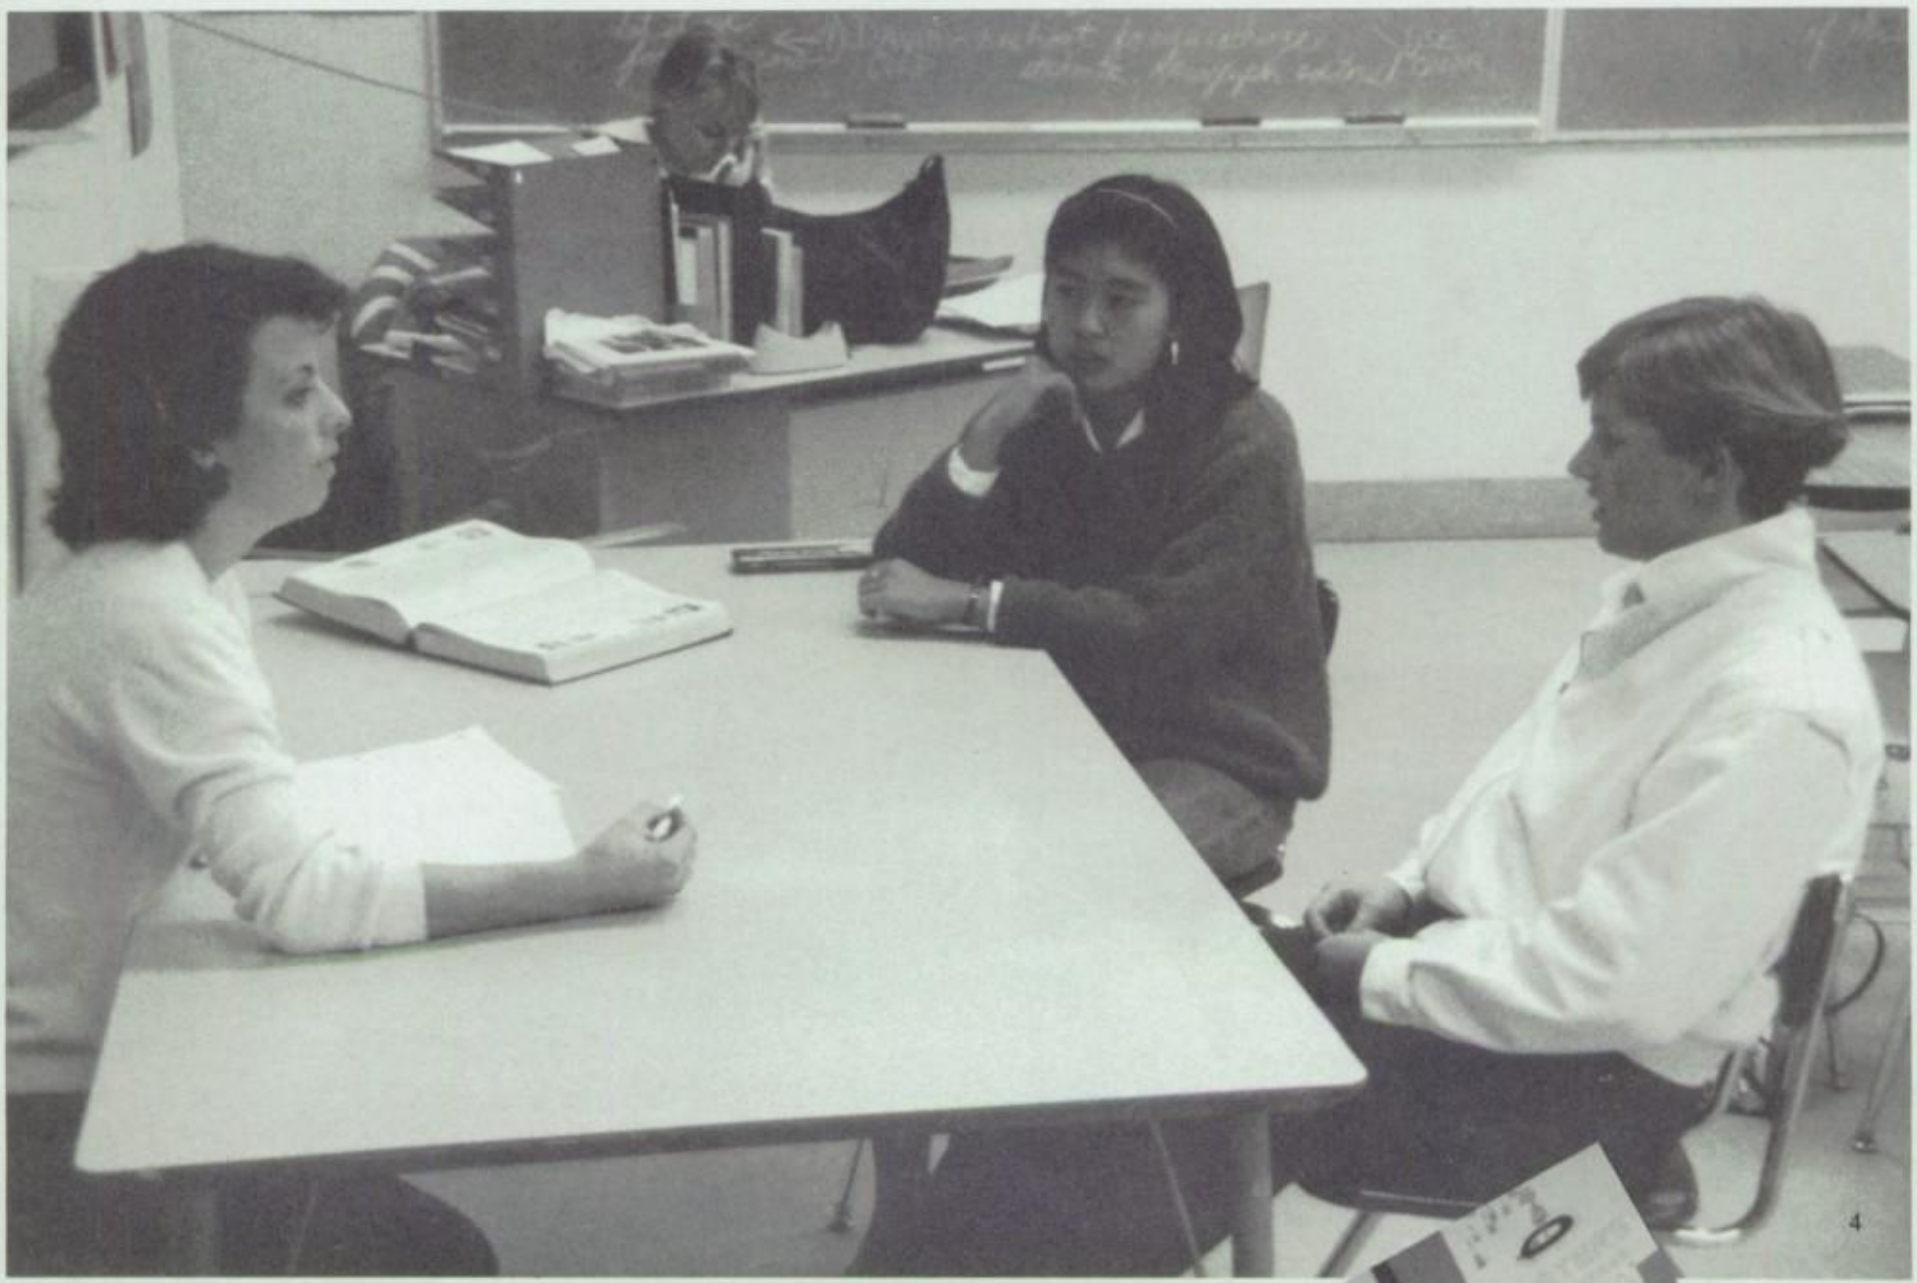
Imagine leaving your home, family, and friends to come to some far-a-way place to live for an entire year with complete strangers. Would you have enough courage and ambition to do that? These three brave young girls certainly did! Each student spent much time preparing for their stay by studying English and reading literature.

Although they love California, and of course Soquel High too, I am sure they miss their own family and friends at home sweet home!



Seniors Get Their Faces Powdered

Who in their right mind would arrive at school at 6:30 AM. Yes, you guessed it, those awesome girls who made up this year's Powder Puff football teams.

After a week of practice the day of the big game arrived. It was the Juniors vs. the Seniors. Excitement filled the air, the competition between the two teams became fierce and play became down and dirty.

Believe it or not, the Juniors whipped the Seniors 20-0. The Seniors were not all together losers as their spirit and enthusiasm overshadowed their defeat.

The senior spirit was boosted by the presence of the All-American cheerleading squad of Rafi Ortiz, Jeff Alzina, Bill Melton, Jeremy Cornell, Chris Gardner, Pat MacCrone, and Tim Perks. Chris Purdin, Jeff (Mule) Peterson and the Italian Stallion, Pat Fetty, did an admirable job refereeing.

Thanks to the Seniors' coaches Bob Verduzco, Jorge Franco, Matt Grenier, John Martorella, and Eric Brautovich who did an excellant job. Thanks also to the Juniors' coaches Rolly Henn, David Verduzco, Hugh Murray, Tom Frankl and Glen Barnes whose hard work paid off.

This event was sponsored by C.S.F. and would not have been possible without the hard work of adviser Mr. Smith and organizer Julie Cluggage.

Knights at Work.

What can you do now-a-days without money? Everybody needs money, in some way or another. This small but nerve racking problem hits us all, in all groups and in all ways.

The solution to this problem is simple: a job! Most of us have them, then some of us don't.

Part-time jobs are much more helpful than they are lucrative. Most of us probably have a part-time job, not a full-time job, because who can work a full-time job and go to school full-time, and then do homework too! The experiences that a person can have in a part-time job are unlimited.

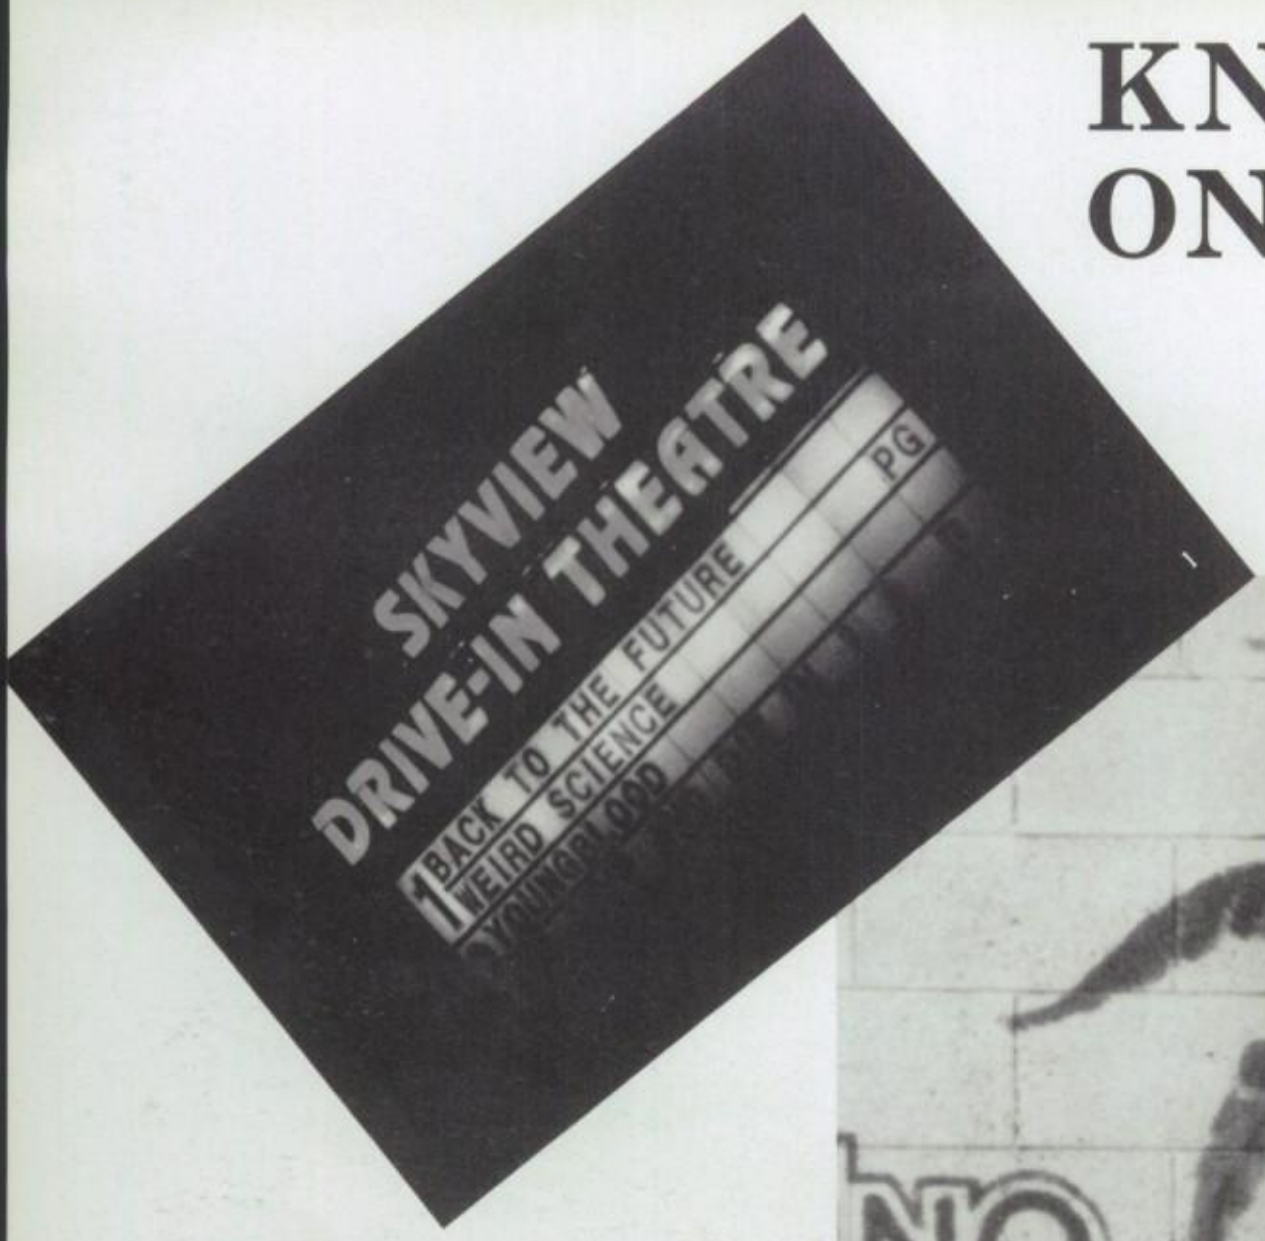
Having a part-time job has its problems. The biggest part of the problem is your schedule. The problems of having a part-time job can be controlled if you try hard and organize the various pressures you face.

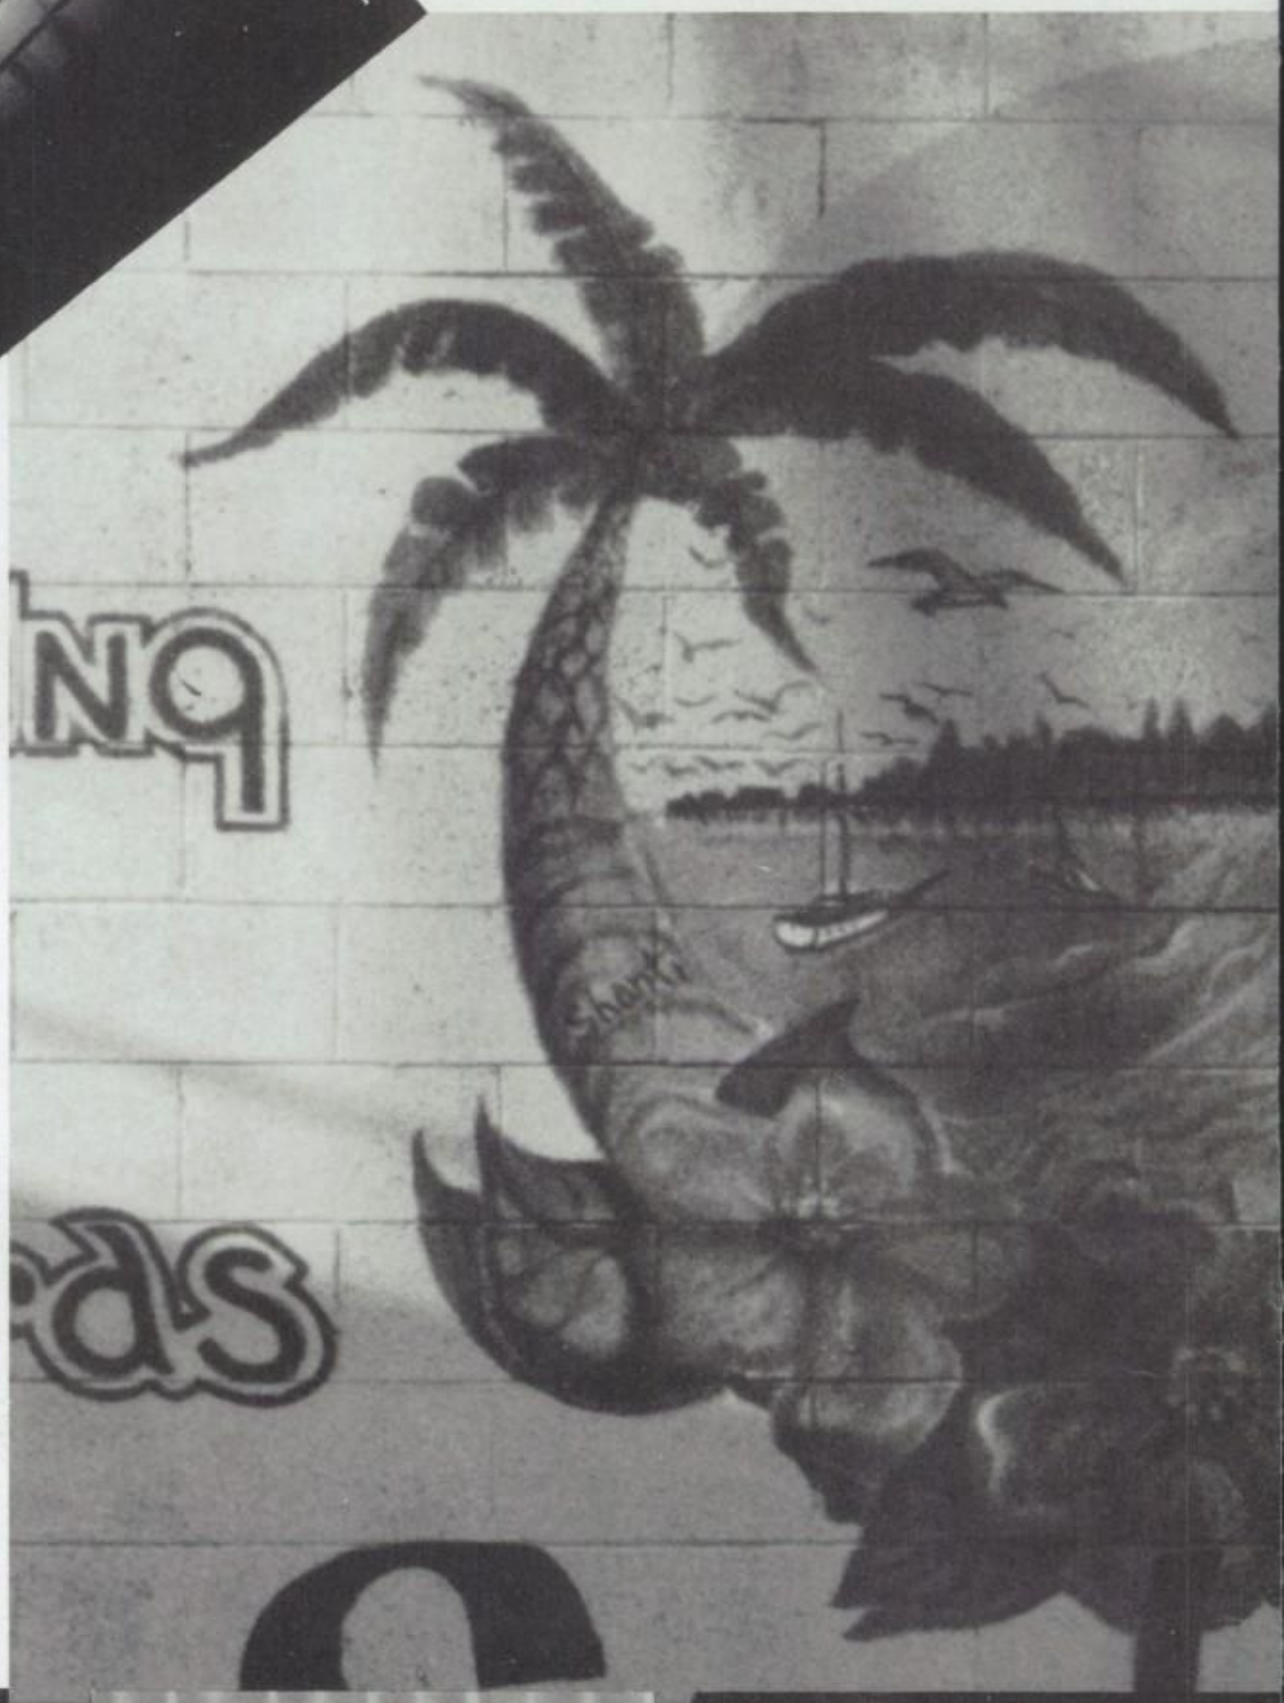
If you have been about the town you might have noticed that we live in a costal community. And even more so you might have noticed that there are a lot of people at the coast each and every day. Well we call it the beach, the beach is a major hangout for the people in this area. The beach is a place of good clean fun in the daytime. At night and on weekends there are unlimited possibilities.

1. Laura Lumas fixes the glasses at the Sizzler. 2. If you go to Margaritaville your hostess will probaly be Jennifer Trahan. 3. The person that always works hard is Jennifer Wanlass, she takes a break while talking on the phone. Jennifer works at Record Factory. 4. If you go to The Farm for brunch or lunch go into the gift shop and you'll see these two girls, Amy Caltabiano and Kelle Brooks.

KNIGHTS ON THE MOVE

1. The Skyveiw Drive-in, a Saturday night favorite. 2. Students enjoy lunch at Pizza My Heart. 3. Dexter's was a new dance hall in Soquel. 4. Surfbowl, a fun place to bowl and be wild. 5. Melissa Vgaide moves on after a round of miniature golf. 6. John Preckel and Annamarie Alongi relax at Mr. Toots.

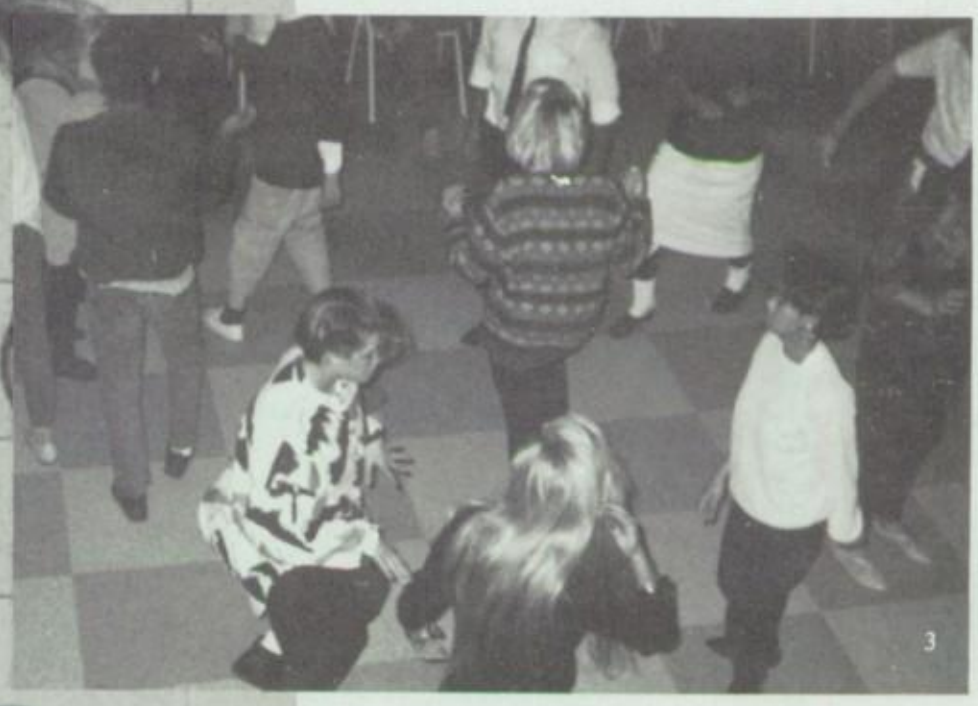




Weekends allow Soquel Students to break away from school work and enjoy teenage life. Even though it's hard sometimes to capture students having a good time and living it up California style, we caught the highlights of several Knights.

Knightly entertainment can be found in a variety of activities which include movies, dinners out, bowling, miniature golf, or just a walk on the Boardwalk. Whatever it might be, Knights know how to have a good time.

CLUB SPOT



Spotlight On Drama

The Drama program at Soquel High is geared toward acting. We offer both beginning acting and advanced acting, and produce at least 2 productions a year, one of which is "The Spring Musical" produced in collaberation with the Music department.

The beginning acting class concentrates on overcoming the "Fear" of acting, and building confidence. Advanced Acting class puts its Focus on scene work and the learning of detail in ones performance. It has been said that Soquel has one of the strongest drama programs in the county.

HAVING A BALL

Every year, Soquel's last home basketball game is highlighted by the crowning of the basketball sweetheart. But this year was the exception. Due to circumstance, this years basketball sweetheart was crowned at the sweetheart dance.

Although the turn-out at the dance was minimal, it proved to be great fun for those who attended. The small crowd was due to stormy weather and the cancellation of the basketball game that was supposed to take place beforehand.

Since Basketball Sweetheart wasn't taken seriously this year, the participants themselves did not take it too seriously. Escorts were seen wearing plaid pants, rolled up or tucked in pants, colored ties, cumberbunds, and a few sported colored baseball caps.

This years Basketball Sweetheart was *Shelly Albers*. Attending court consisted of *Donna Bargetto*, *Julie Clugage*, *Ingrid Dumas*, *Brandie Perry* and *Jill White*.

When asked to make a speech, the sweetheart merely replied: SCHMIDTIG-BUD!!!!

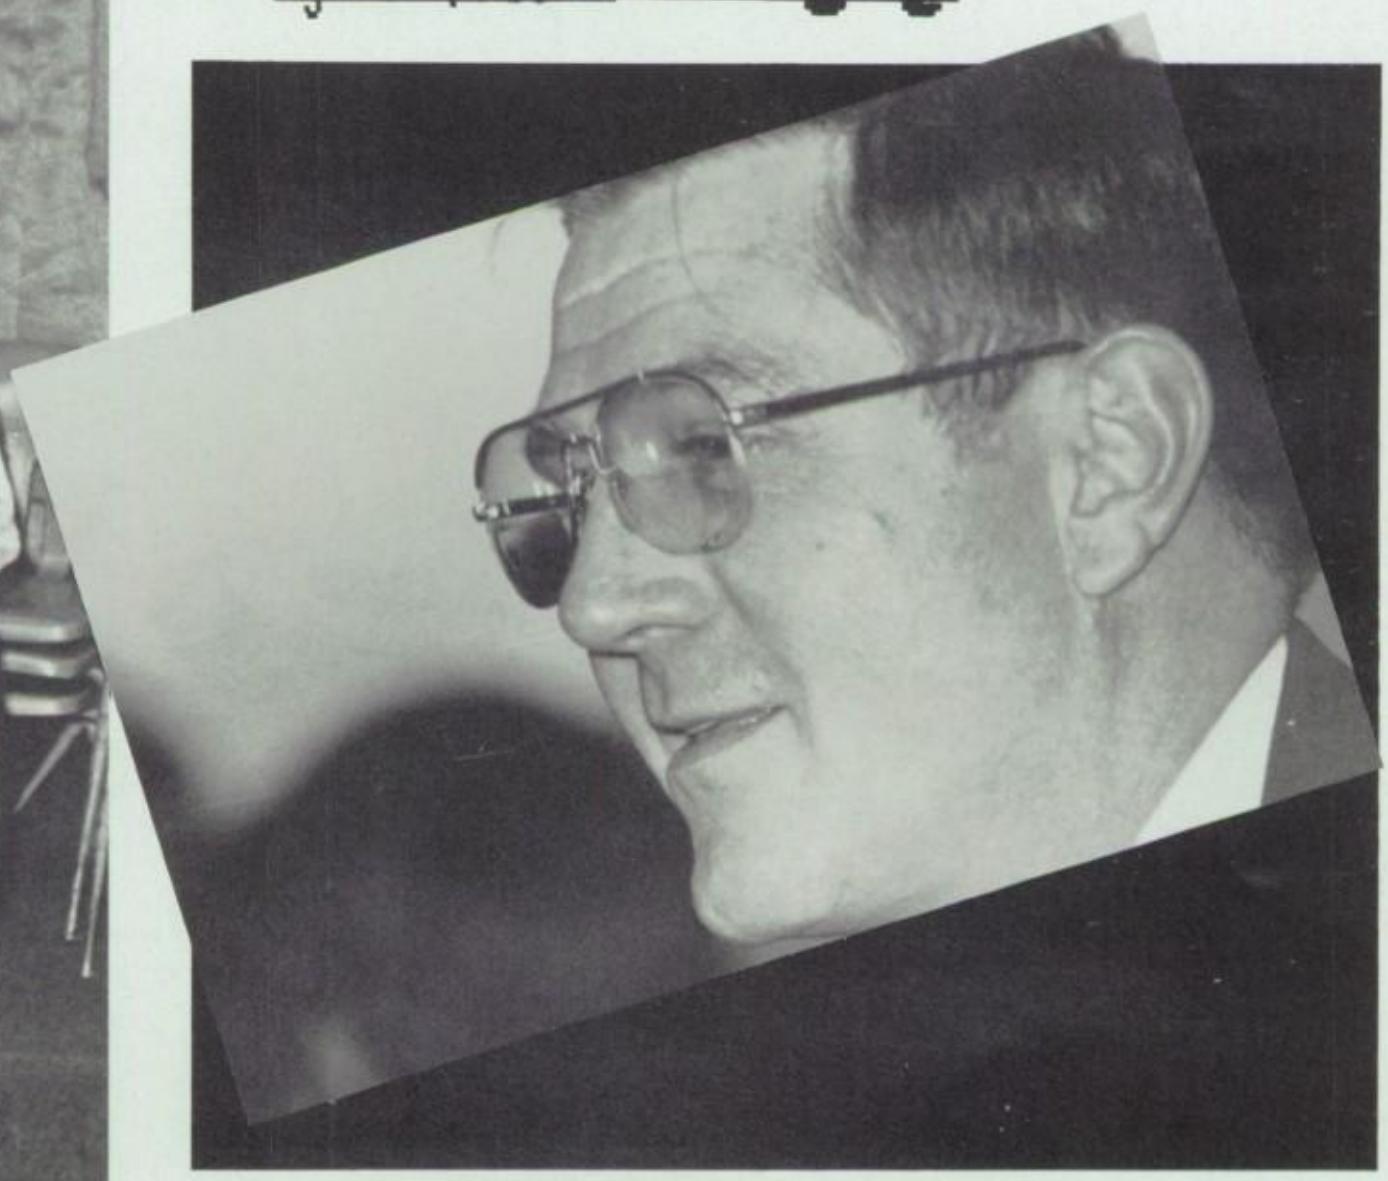
TUNED IN TO MUSIC

Putting their individual talent together every morning are the young musicians involved in the Soquel High Orchestra. Led by Mr. Leetz, the students really enjoy practicing together to make music for others to enjoy. In the winter and spring, the orchestra performs in concert for their parents and friends. As of now, these students may be amateurs, but perhaps some day we can point them out at the San Francisco Symphony.

1. Orchestra pauses from their busy schedule to flash a smile. 5. Mr. Leetz watching over his musical hopefuls. 3. John Laus lets his fingers fly in orchestra. 2. Chantel Catlin intent on her music.



BAND SCORES A HIT

Blended harmony and sometimes dischord floats through the halls of Soquel as the Marching Band gathers during 5th period every day for practice.

The ninety member group led boldly by Dave Leetz, has proven to be a vital asset to our school's spirit and pride.

They can be seen at every home game during the football and basketball season, cheering on our team and keeping the crowd excited. Students Rusty Lapioli and Mario Velasquez always make sure that the Pep Band goes to the games away from home to provide moral support for the athletes.

The Marching Band also represents Soquel High in various competitions, this year placing 2nd in their division at the Surf City Band Review and taking First Place in the Soquel-O-Rama.

Being a member of the band takes time, hard work and dedication. We are very proud of the students who have been willing to give that part of themselves to the school through music.

JUNIOR
CLASS

JUNIOR PERSPECTIVE

Finally a true upperclassman. It is about time. You can walk through the halls and feel the superiority!! For many, their junior year is filled with challenges and decisions, all aimed for their future. It is now that most start thinking about post high school plans, by taking the PSAT, and attending "How To Prepare For College" meetings. The most exciting part of this year is getting a driver's licence and having that great feeling of independence. It is also the chance for the athletes to move up to the Varsity Team from the Frosh-Soph Team in the sports arena. And lockers in the second hallway is another great junior privilege.

Thinking about college is one of *Ann Ambiel's* major concerns. "The thought of college last year was out of the picture, but this year it seems to be right around the corner".

Juniors have lots of choices. *Ann Ambiel* ponders her future.

FRESHMAN
CLASS

A state of shock, fear and excitement ran though the bodies of some 400 plus new Freshmen a few seconds after the first bell rang on September 3, 1985. Some were waiting for this day since eighth grade, some were not waiting for it at all, some wished they had never woke up that morning.

Entering into the land of the unknown was an experience to many of the new students entering Soquel High. Every year many new students come to Soquel, but it especially effects the Freshman. They come to Soquel with big hopes and big dreams because now they're in "High School". But little do they know they're underclassmen.

It's okay to be a Freshman because everybody was a freshman at one time. You hear all these crazy stories about fresh men being trash canned in every schoo and sometimes it does happen. But i spite of the rumors and pranks, Fresh man soon see that high school isn't a that bad. They find new friends, new en emies, and even do a little growing up

Even though your first year in hig school is a little scary, it's full of memo ries that will last a lifetime.

"Arnold, Ezra, Jason and Mark modeling today's Average American Man."

Welcome to your home for the next four years of your life.

A darkened hall stands deserted after school lets out.

LOOK WHAT'S HAPPENING

Isn't there a twin club?

Clubs, clubs, clubs. There are so many clubs, but which one fits the real you? At Soquel, we have an abundance of interesting and fascinating clubs. The neat thing about Soquel High clubs is that they are in such a variety of interests, from the Magic club to Student Council, all the way to Artist in Action. What a mix! If you have a hobbie, I am sure there is a club for you.

SPORTS

Commitment To Excellence

"There are three goals we set for ourselves each year: 1)To win our league championship 2)To go to the CCS playoffs 3) To be undefeated,"Coach Dewey Tompkins stated. "We accomplished two of the three goals this year. It was a great season! We won the league championship, we went to the CCS playoffs, and we won 9 games and lost one game - almost a perfect season."

The 1985 league championship was once again in the hands of the Soquel Knights and NMC Condors. On October 12, the Knights soundly defeated the Concors 13-6 at our home field. That win put the Knights in the driver's seat that took them once again to league champion and the CCS playoffs.

The Knights were defeated in the CCS playoffs by the defending champion Hollister Balers. "We will be back next year to challenge ourselves with the same three goals," Dewey Stated.

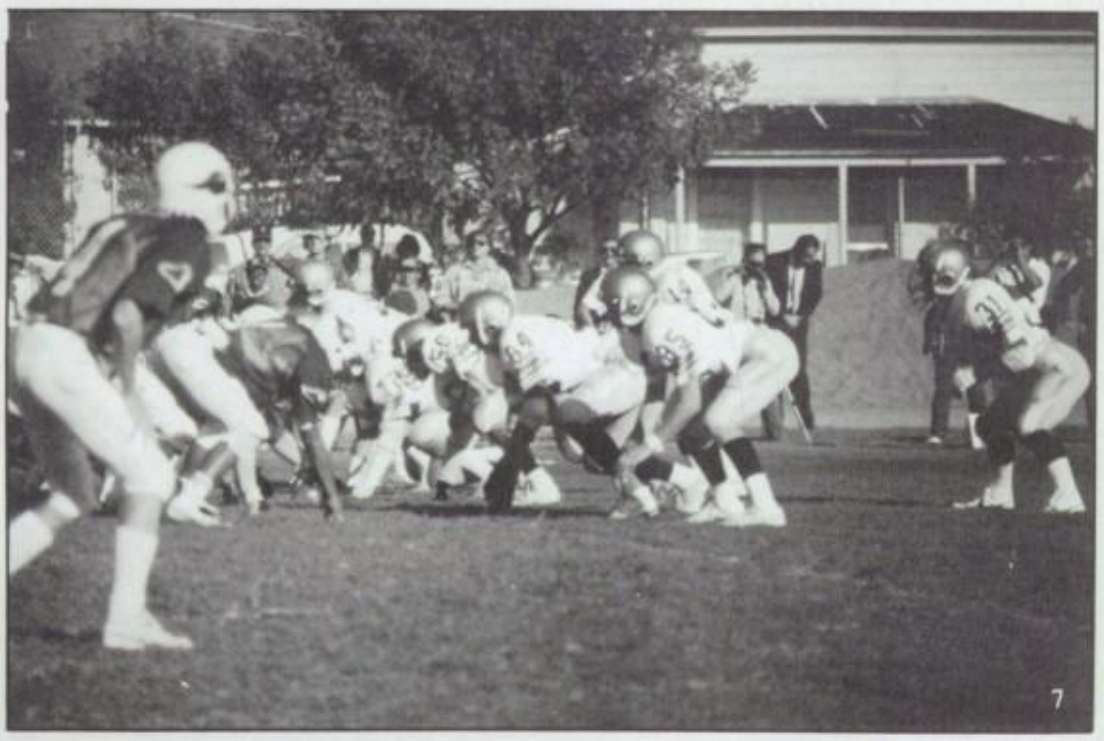
Soquel Tradition

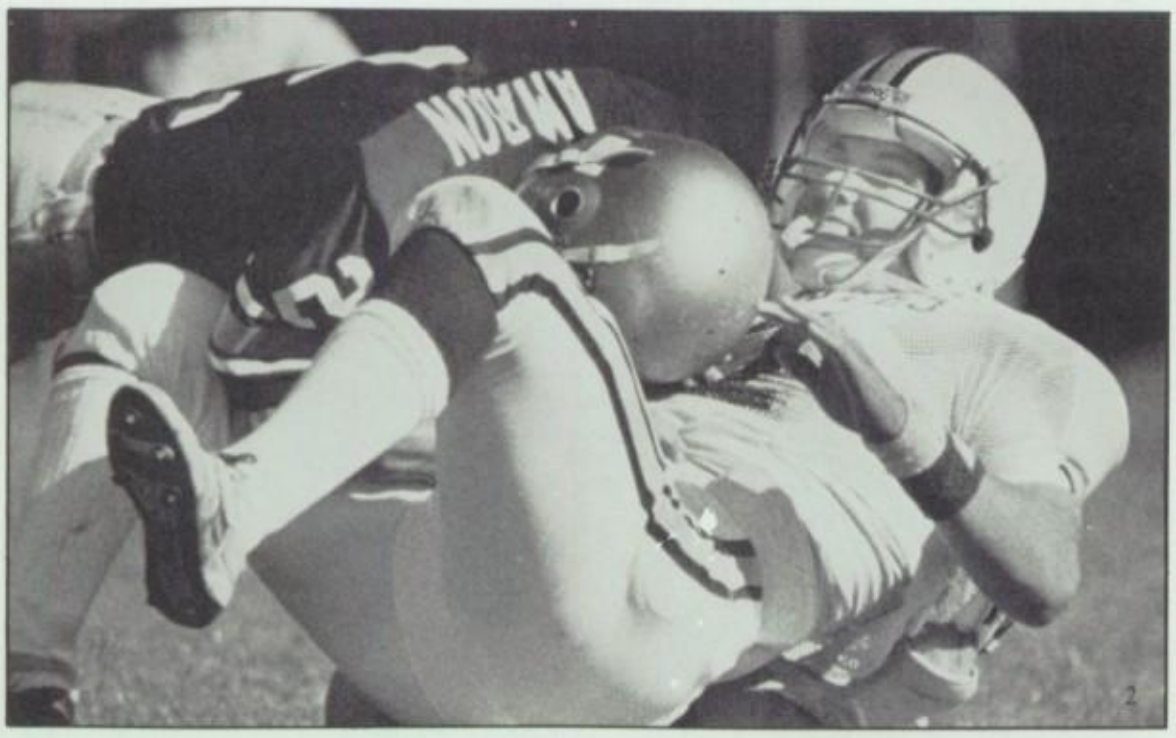
Coach Dewey Tompkins is the head master; the winningest coach in our area and one of the outstanding coaches in our state. His many championships are only surpassed by the many fine young men who have benefited from his guidance and leadership.

Coach Mario Verduzco is the defensive coordinator, and pass offense assistant. He completed his 8th season as Dewey's assistant. A great combination.

Coach Dave Donato is the defensive line and linebacker coach. He will keep the Knight's defensive unit on top.

Coach Rod Tompkins coached the receivers and assisted with the "O" line. "A great combination of young coaches," Coach Tompkins stated.





1) The Soquel Coaching staff celebrates after the sound beating of N.M.C.! 2) Robbie Amadon "sticks" an unaware Q.B. for a sack. 3) Soquel defenders swarm on an unfortunate Cardinal. 4) The intensity and superior knowledge of this year coaching staff led Soquel to a championship season. "He Did It All"

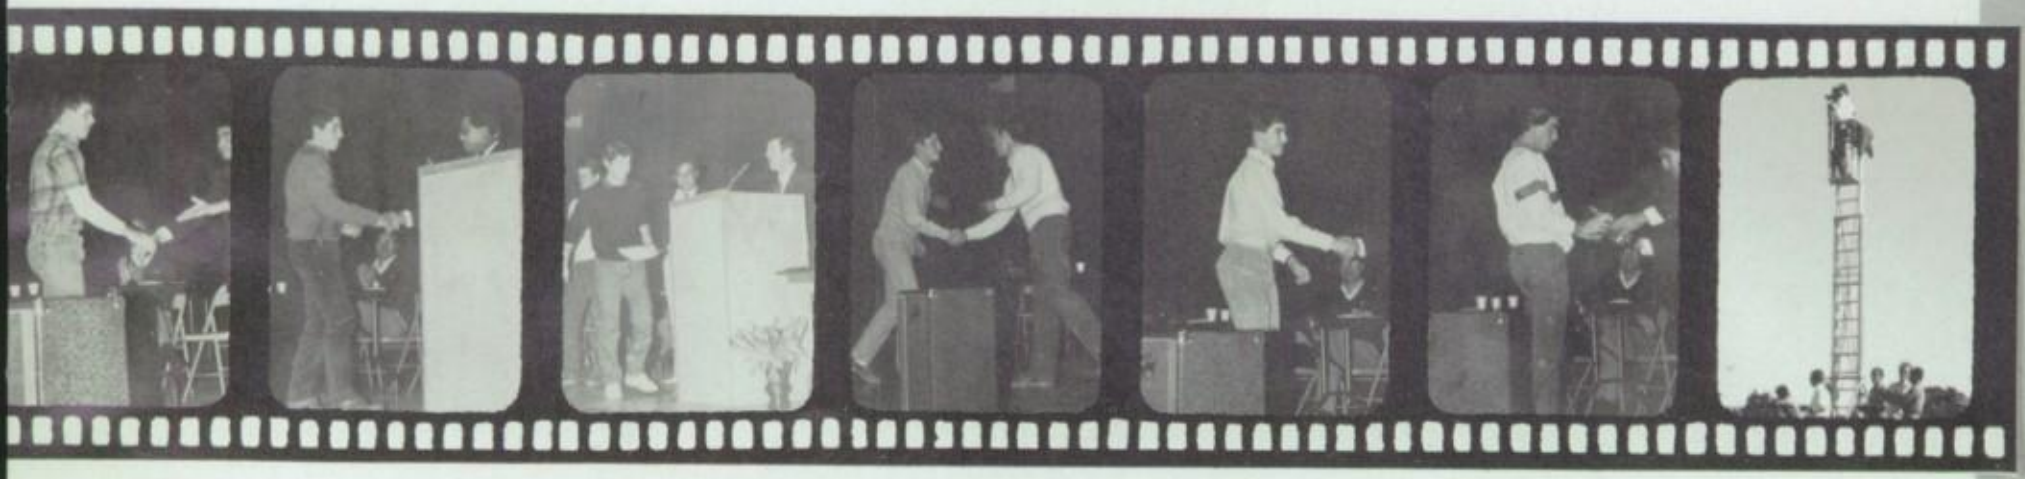
"I enjoyed the competition, friendship with my teammates, and our team's success."

Bobby Verduzco

He did it all," stated Coach Tompkins. Bobby is the most prolific person from Northern California since Tom Page and the fourth leading passer in the California State passing record book: 483 completions in 853 attempts (57%) for 6,924 yards. He had 72 T.D.'s and 626 yards rushing. A remarkable career.

Bobby is the only player ever to have been selected 1*st* team All League Q.B. and 1*st* Team All County Q.B. in each of his four varsity seasons. In addition, he received: MVP Soquel '84, '85; Freshman of the year CCS '82; Junior of the year '84; Senior of the year CCS '85; All CCS punter '84; Honorable mention Q.B. CCS '84; Golden Helmet Award '85; Team Captain '85; Randy Peck Award "85; MVP Back Soquel '83; All Northern Calif. Q.B. '85; All Far Western Q.B. '85; Santa Cruz County Scholar - Athlete '85; All CCS Q.B. '85; All CCS Punter '85; "All State Q.B., All State Punter, '85." A remarkable career!



The Varsity Future

Coach Doug Severin and Coach Don Fishburn have done a great job of teaching the fundamentals of football to the J.V. Knights. They have continued to win their fair share of games. But the real winners are the players and the skills they learn so that they can help the varsity next year. These coaches are hard working, dedicated men.

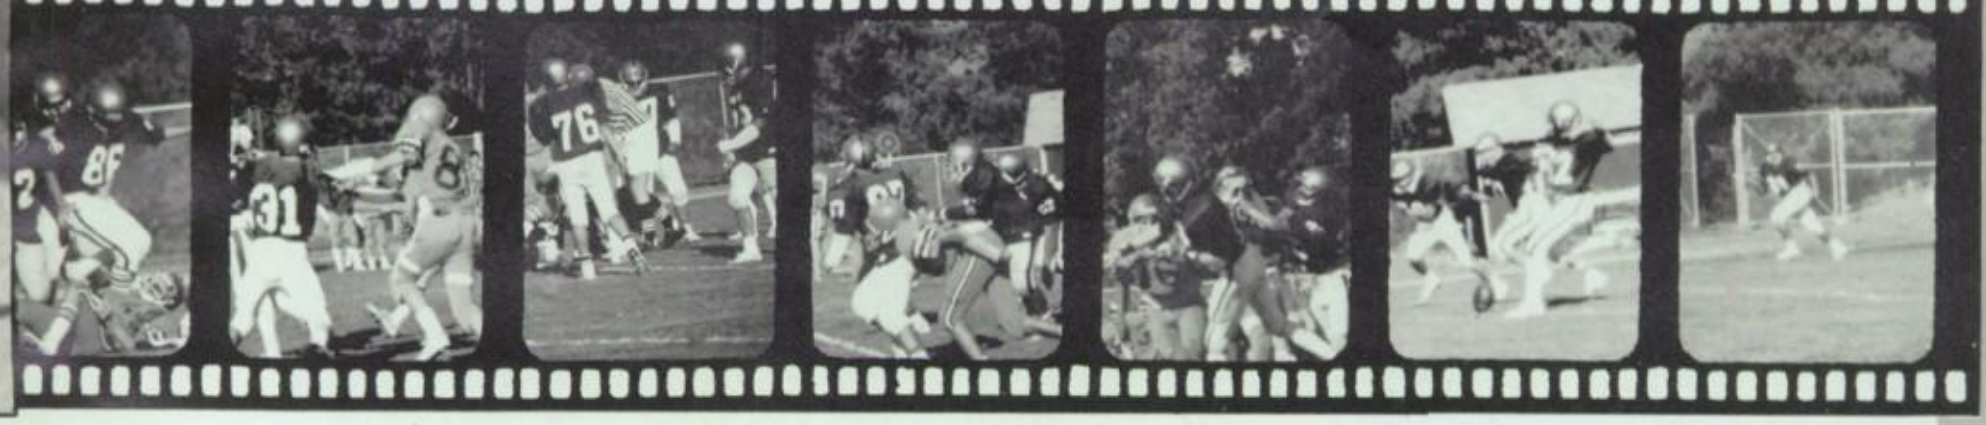
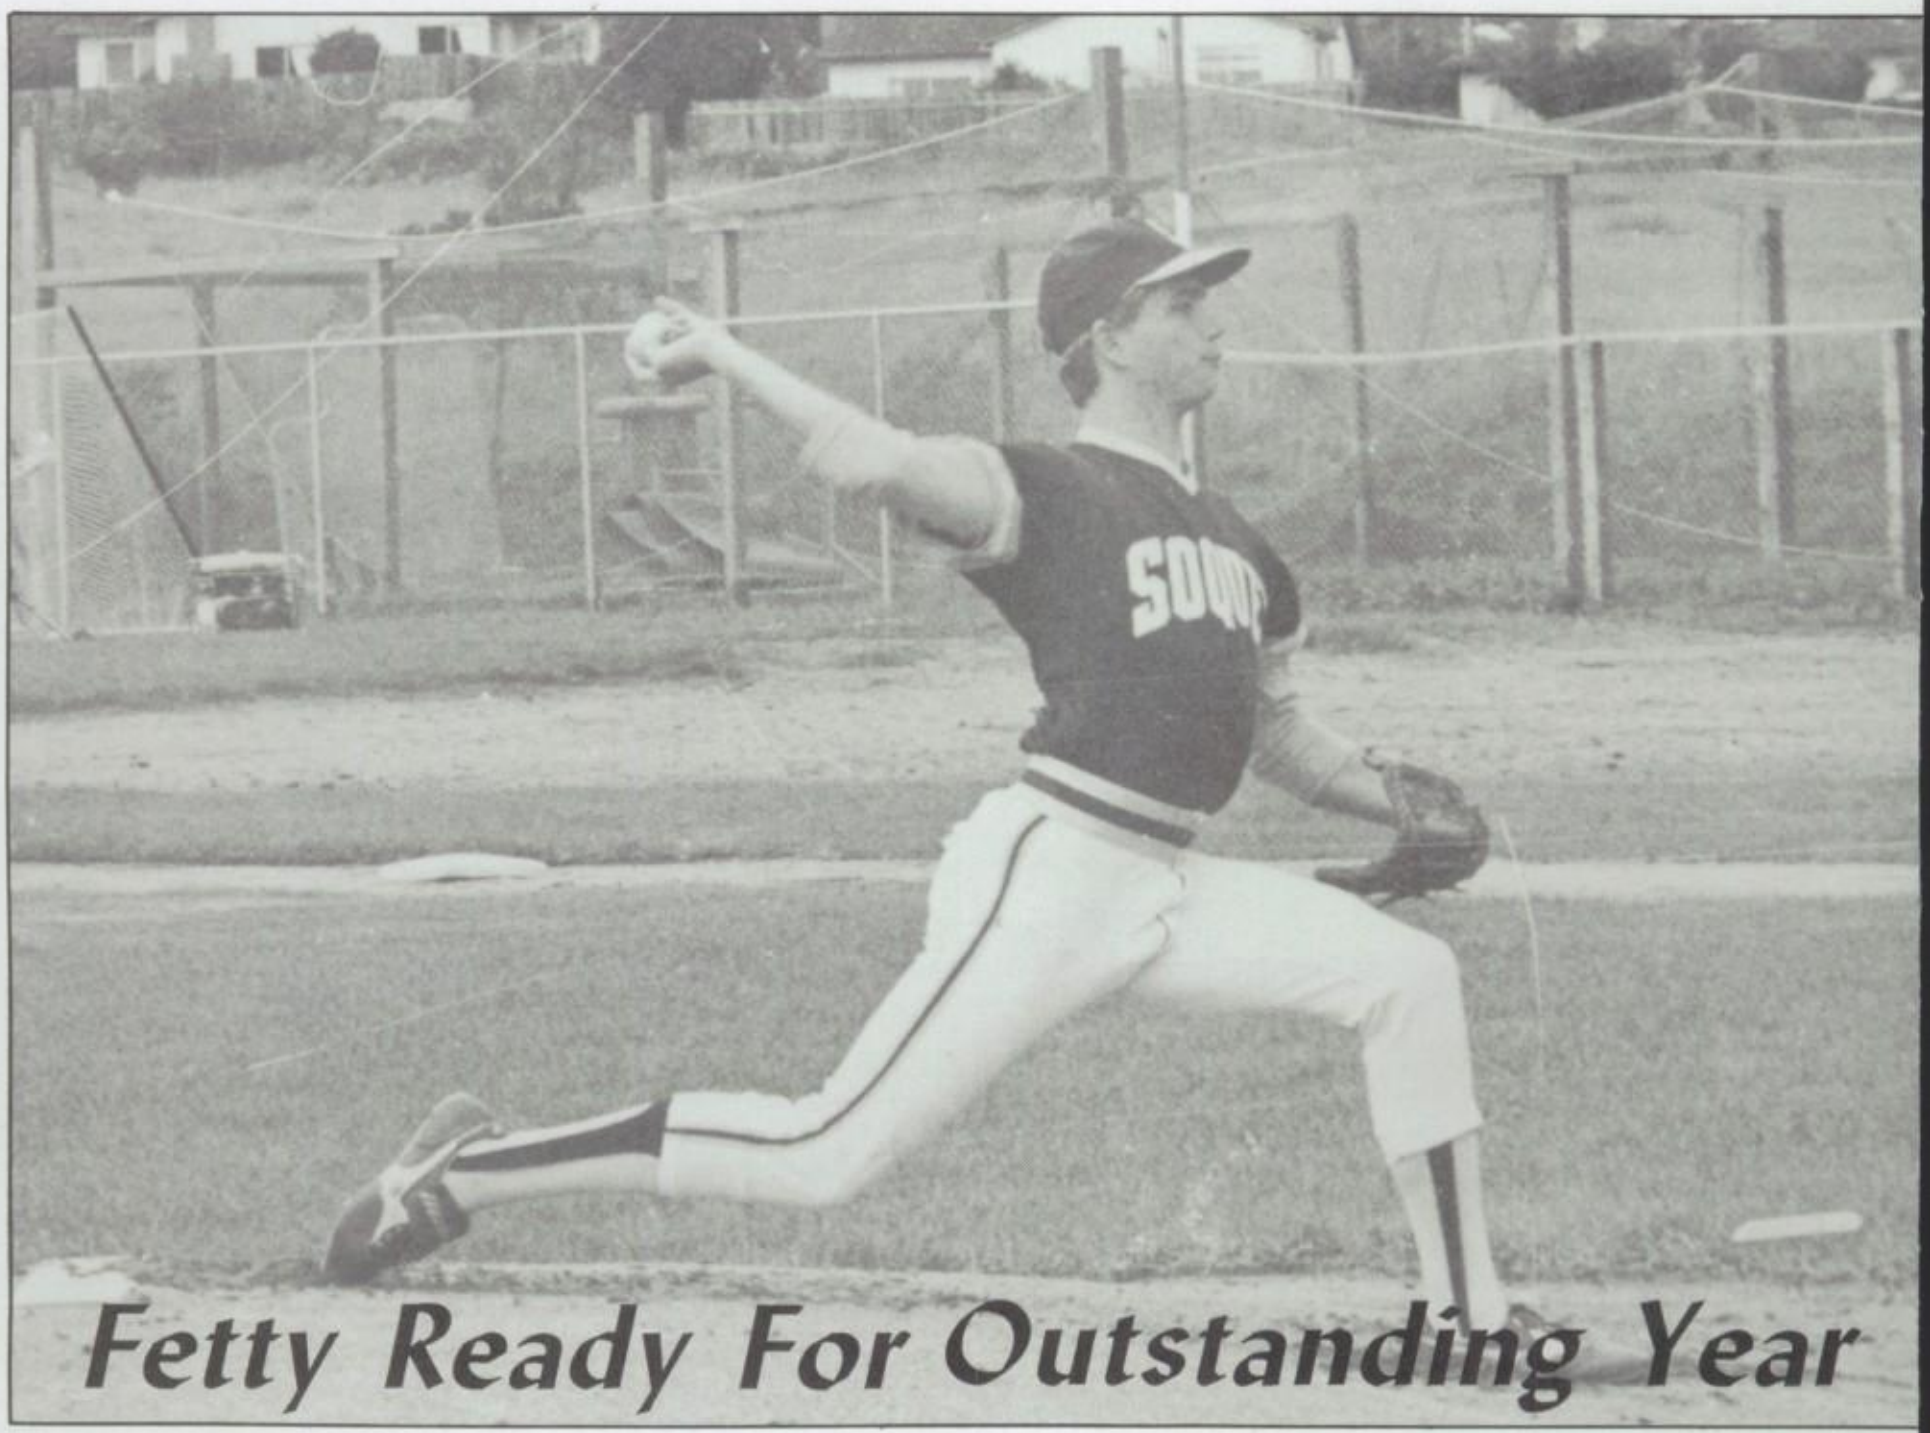
2. Toni Arneson passes his way to victory. 3. The Soquel Defense Demolishes another Pirate. 5. This pass completion went for a touchdown against the Harbor Pirates.

Head Coach Brent Pierce, in his first year at Soquel, and his assistant, Greg Reed had a great year directing the Knights' frosh. They had some great wins and some tough losses, but they were all winners due to Coach Brent's great positive and demanding, but sincere attitude. The fundamentals that these players learned from their coaches will really help the J.V. and varsity programs of the future.





Fetty Ready For Outstanding Year

Pat Fetty is one of the most feared pitchers in the league. His side arm curve, side arm fast ball along with his regular curve and fastball and slider leave batters in a state of constant confusion. Pat has worked hard this year to increase his fastball speed and perfect his accuracy with his curveball.

Pat started his varsity career as a sophomore and was named the Most Valuable Pitcher in the Turlock Tournament and a member of the Soquel All Tournament Team. He was also All-County that year. After a good season last year, Pat is ready-so far he has been named to the Turlock All Tournament Team and MVP Pitcher again.

In the championship game he struck out 18 batters in eight innings including the first 11 batters. Who knows what he'll do next?

"I've matured both physically and mentally and have become an all-around athlete because of Coach Meyer."—Pat Fetty

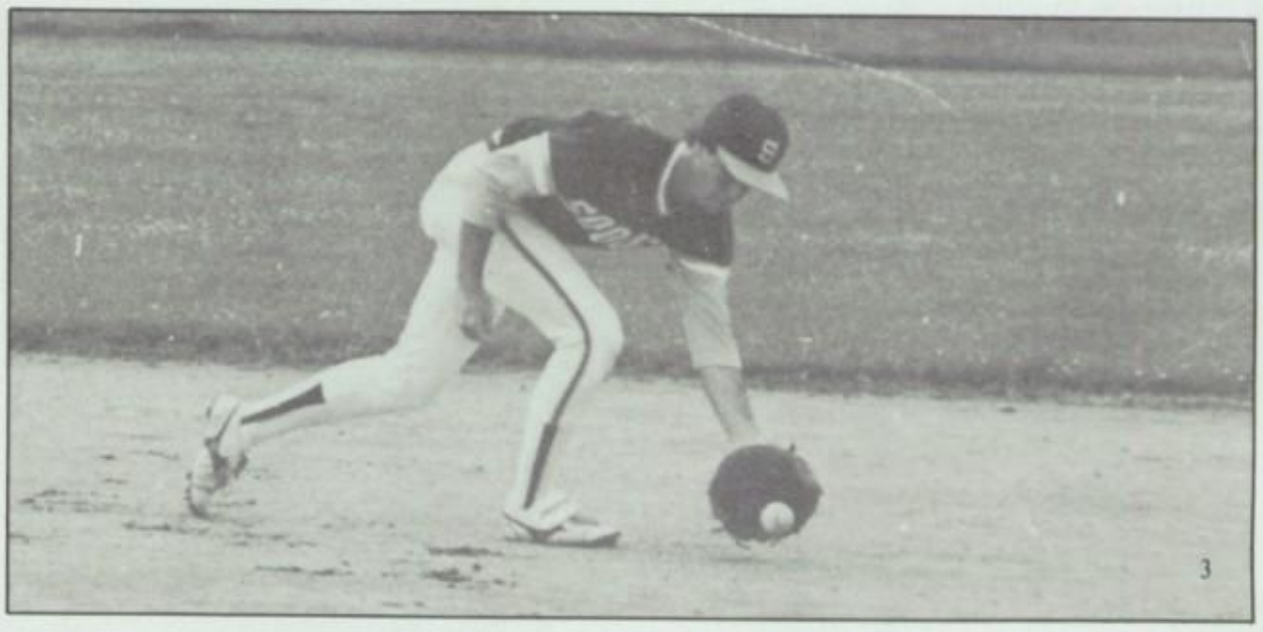
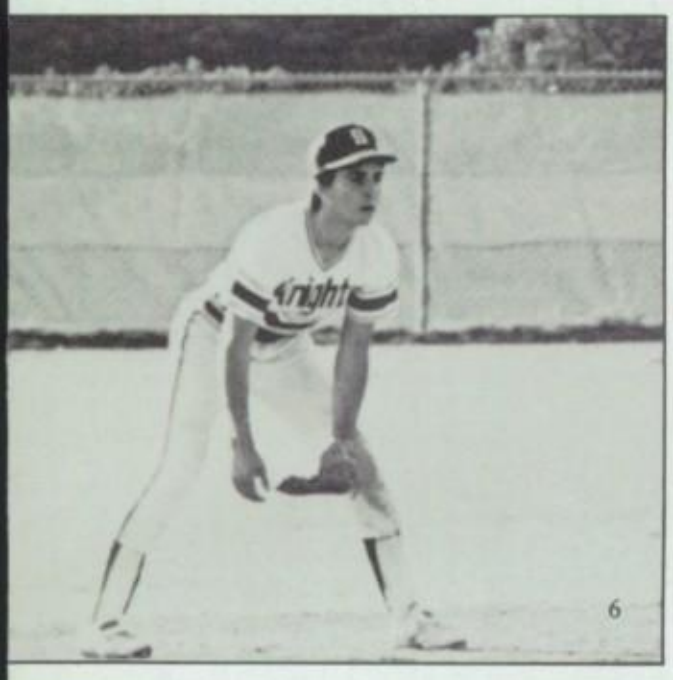
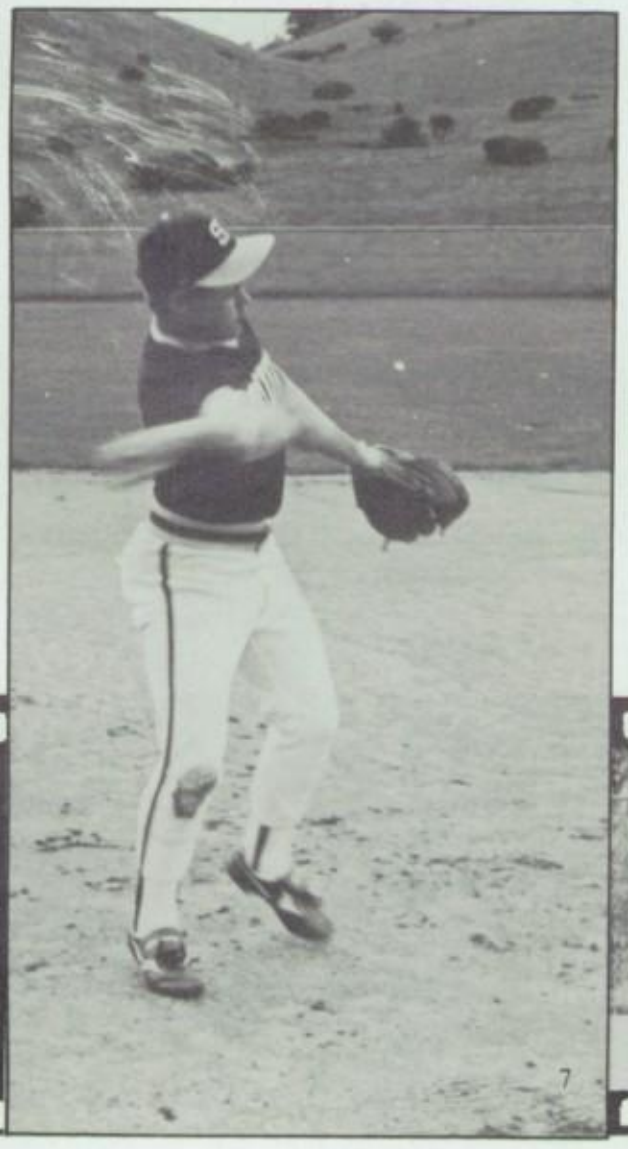
Seniors Lead Team



This year's J.V. Baseball team is expecting an outstanding season. The team is under the leadership of new coach Brent Pierce. Pierce expects his team to do well based on the play of standouts Ken House, Eric Gonthier, Mike Agrella, Adam Caltabiano, and Paul Pappas. This team is very well balanced, has a lot of depth and is expecting to win the league title.





1. Fetty rears back before delivery. 2. Matt Grenier is one of the premier outfielders in the league. 3. Bobby (Sax) Doesn't let 'em get by. 4. Franco is a constant threat on the basepaths. 6. Aaaa Batter, Batter (Russell). 7. Garvin was a standout at third and at the plate.

This Year May Be His Best

Mitch Meyer is in his fifth season as Varsity Baseball Coach at Soquel High School. He has led his team into the CCS playoffs four out of four years and is looking at his best season this year. No Meyer team has finished lower than second place in league. Meyer puts a lot of time into the program and relates well with the kids. He is a stern disciplinarian, but also loves to play the game. He is definately one of the best coaches in the SCCAL and the CCS.

"Our season is characterized by outstanding pitching, excellent defense, and an improved offense."

-Mitch Meyer

"Welcome To Boot Camp Rambo"

And when you get done running, you're going to run some more." Meyer's Boot Camp last for the first month and a half of Baseball Season. In this amount of time the team does more running then the track team does. Meyer is high on conditioning because he believes that in the late inning of a ballgame, the team that is better conditioned will win.

"This year I've learned to discipline myself to do
y very best."

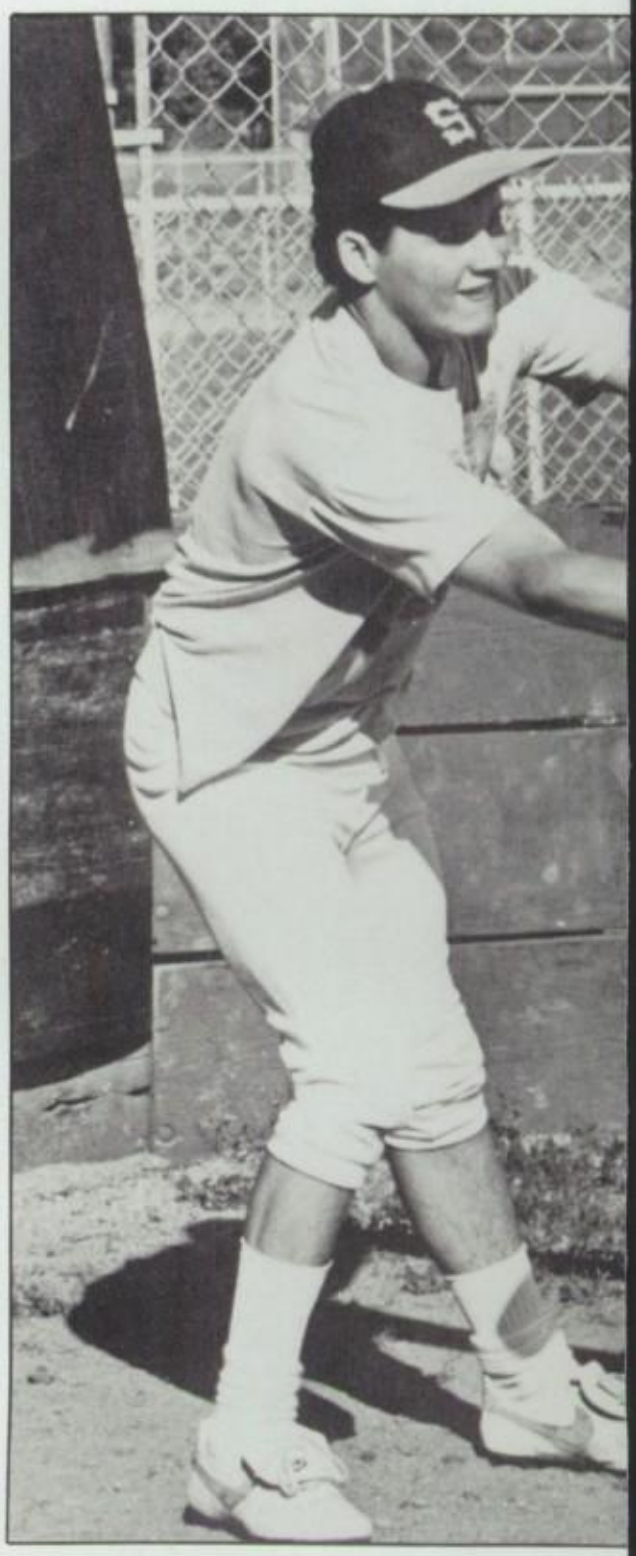
IMPRESSIVE JV YEAR AHEAD

The nucleus of the 1986 Soquel Varsity is seniors. All nine seniors start! Infielders Brian Garvin, Jim Russell, Bob Verduzco, and Rick Baldwin provide excellent fielding and much of the hitting power. Paul Foster excels at the catcher's spot and ads a deep threat at the plate. George Franco and Matt Grenier are probably the two best outfielders in the league with their speed and strong arms along with Eric Gabory.



1. Adam Caltabiano awaits a hard throw to show his pre-professional action in practice. 2. A little bunting by Mike Agnew will help get a man on base in a tight game. 4. A quick throw by Matt Daniel to first base. 6. Mike Ross getting down to field a grounder. 9. Sean Pitts looks on as Jason Seeger throws a fast ball out field.

"It always takes a little batting practice to be a hit team."

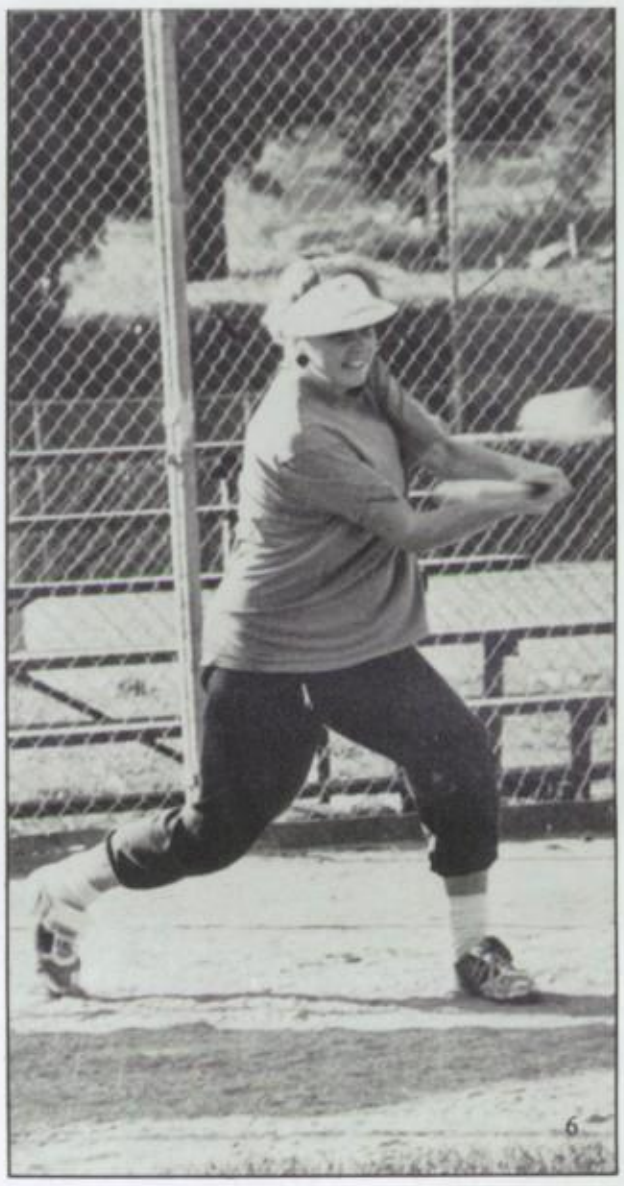
VARSITY MAKES A HIT

Spring is in the air. It's time for good old American baseball. But with SHS girls, it's softball. This year's softball stars include Jonnell Yantis, Grace Chang, Debby Manning and Rae Anne Pifferini.

These hard-hitting knights played for a good season and we were all looking forward to next years strong season to pick us up and carry the Knights to the number one softball position.



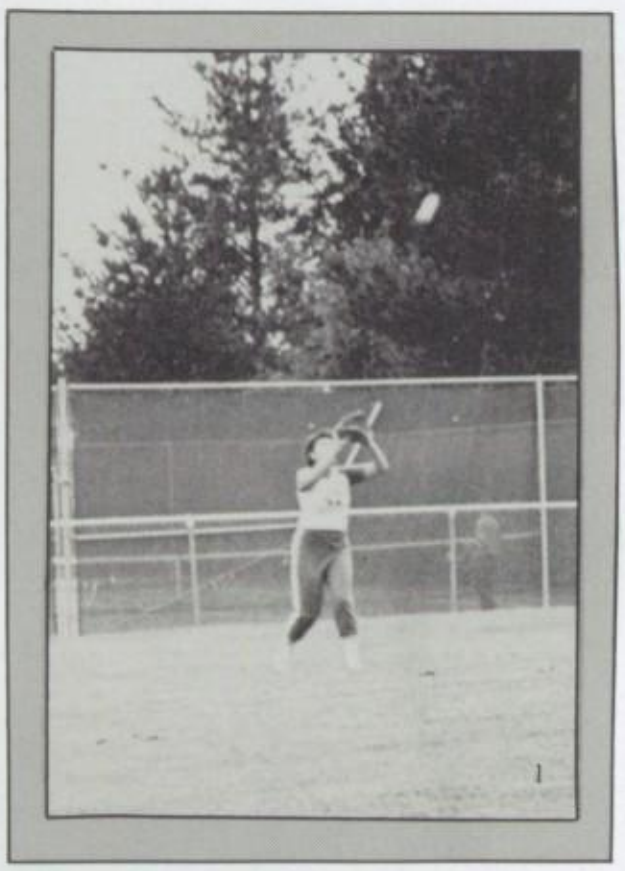
"I think it was a good year. I feel that we really accomplished something. Teamwork really pays off!!!"-Jonnell Yantis

1. Debby Manning awaits the play. 2. Hadreas makes the hit. 3. Tammy watches on. 4. Rae Anne with Becky-bud. (so much!) 6. Debby swings hard. 7. Varsity Softball team.

Softball Swings Into Action

Under second year coach Matt Camarlingi the girl's J.V. Softball team hopes to have a successful year. This year's team is inexperienced but possess an abundance of talent. Such as freshman Aleena Fernandez sophomores Jeanine Eidsmore, Danielle Jordan and Rachel McGuire. The Knight's are not very potent offensively but have one of the best defenses in the league. The toughest competition for the Knight's is expected to be Harbor because of their returning players.

1. Rebecca covers the field. 2. Laura Paterson makes a nice catch. 3. Danielle Jordan waits for the ball. 5. Julie Osborne makes a nice save.



"I hope we have a successful season and also alot of fun."

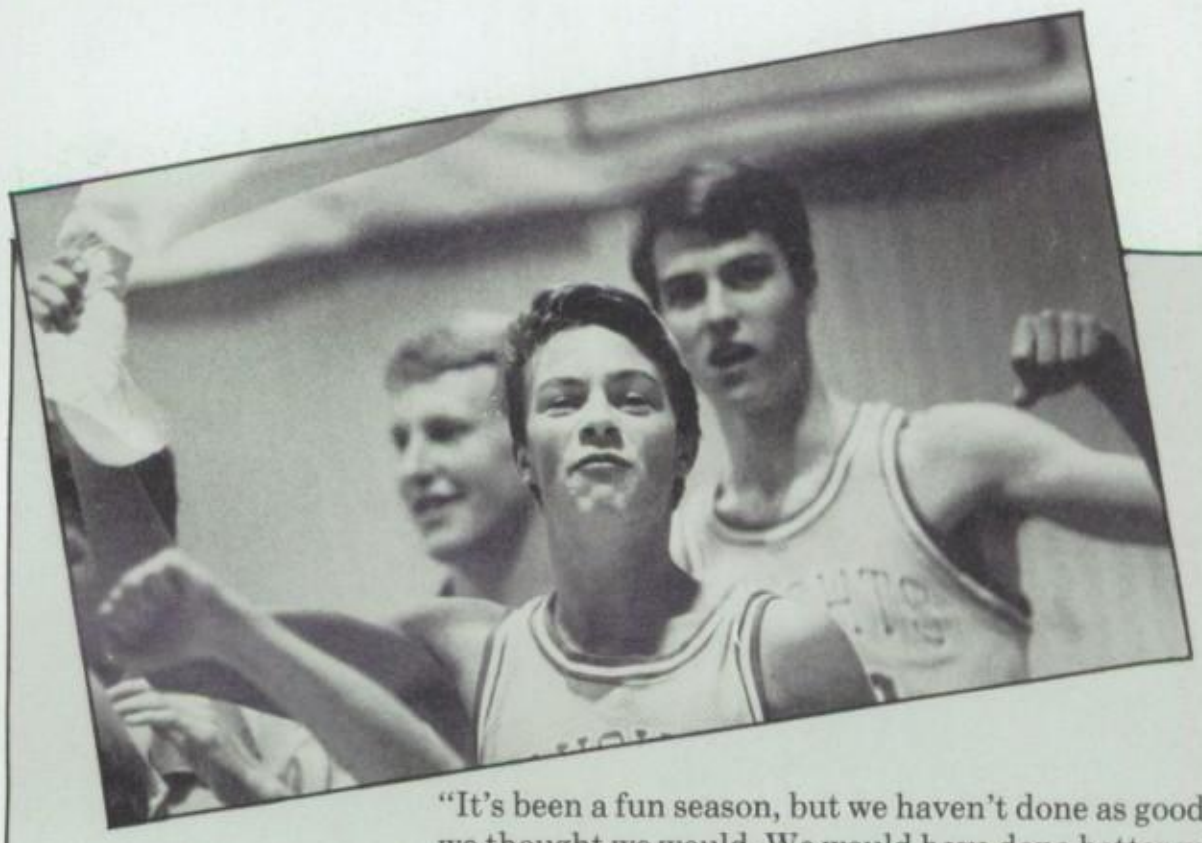
HEADS-UP BASKETBALL

A classic match-up: two seconds left to play. The score is tied, 42 to 42. A whistle blows. "Foul!", screams the ref. Two free throws for Soquel. A first attempt: the ball hits the rim and bounces off. Soquel fans moan, while the opposition screams on. Miss!!, Miss!!, Miss!!, goes the chant. Last chance, be careful now. (Please make it.) The ball flies, hits the rim. Oh no! It isn't going to make it. Wait . . . it circles the rim, then again. Is it? . . . Yes! It goes in! The crowd goes wild. Everyone is on their feet screaming. We won the game!!!

It's been a trying season. Nothing came easy to Soquel's Knights in the 1985-86 SCCAL season—especially victories. But outstanding players *Bobby Southworth* and *Bob Verduzco* sure helped to ease the burden.

Passing, dribbling and rebounding their way through the season, the Knights managed to get by. New players *Tomas Thompson* and *Timmy Normen* also added greatly to the team. Watch for these two and more, along with returning star *Bob Southworth*, to come back strong next year. Soquel basketball—the best is yet to come.

1. Sophomore Star Tomas Thompson, speedster Bob Verduzco and Freshman Casey Schirmer rest after a productive first half. 2. One of the Knight's best shooters, Tomas prepares to put another one in. 3. Timmy Normen, a freshman, has added much needed quickness to the Varsity. 4. "Phi-Slama-Jama" Bob Southworth often slam-dunked this year. Here he sets for a free throw.



"It's been a fun season, but we haven't done as good as we thought we would. We would have done better with other four year players."

-Jeff (Z) Alzina

JV/s POST GOOD SEASON

This year's Boys JV Basketball Team had a good season. Soquel was led by sophomore Kenny House, Richie Williams and Brian Ifland. Although the Knights didn't win the league title, they were very competitive and showed an abundance of talent. The JV players will greatly help out the Varsity next year.

Head Coach Rudy Escalante in his second year coaching the JV Boys Basketball Team, and Assistant Coach Rob Coeghlo have done a super job with the team. They have had a lot of fun coaching and have taught their players many skills.

FROSH SET RECORD

What a great season! This year's Freshmen Boys Basketball Team had a terrific season. They have compiled the best Freshman Basketball Team record in the history of Soquel. Led by Beau Baxter, Adam Caltabiano, Jim Ross, and Ty Stenton, the Frosh Boys had a near perfect season.

Head Coach Bill Smith and Assistant Coach Kevin Pharris have done an excellent job with this years Freshmen Team.

Girls' Varsity Hoops It Up

Girls Varsity Basketball is on the rebound. After last years poor season the Knights have bounced back into the playoffs. They were lead by all-leaguers Rae Ann Pifferini and Kim Clark. The Knights propelled back into contention for the league title with strong offense and a tenacious defense which was spearheaded by sophomore Melanie Dominguez and junior Vicki Adams.

Next year's team is going to be even more promising than this year's team, as most of the starters will be returning. Stu Walters kept the team together through adversity. Their spirit showed in their play. Strong leadership was also provided by Rae Ann Pifferini and senior Kim Clark.

1. Kim Clark goes up for the rebound. 2. Rae Ann Pifferini dashes down court for two points. 3. Soquel huddles at the half. 4. Becky Wattenbarger patiently waits for the ball.

Girls Fire It Up

This year's Girl's J.V. Basketball team had a good year which is a fantastic feat considering all of the young players. At times the team showed great promise. The Knight's are very hopeful of a great year next year. Some outstanding players were Gina Poli, Adrianna Edwards and Debby Manning.

VARSITY STRIVES FOR GOAL

Varsity boys did exactly that, they worked hard for their goal! It was a tough strive, especially with a new coach, and such a young team. Seniors, *Jim Russell, Brian Johnson, Ian Jones,* and *Myles Menor* contributed much of their talent to the team. Freshman, *Cesar Guzman* was a great help to the varsity too. With returning coach, *Art Ronswinckel-Guise*, they are sure next year will be a smash!

"This year's team had a lot of potential but sometimes we did not play to our ability. Next year should be one of the best teams ever."

J.V.'s On The Ball

"I think our team did very well this year, even though we didn't place first."
- Kenny Watson

Soquel High's J.V. Boys soccer team did an outstanding job this year. The team's toughest competition was Watsonville, but Soquel put up a great fight through out the season.

There were eighteen players this year and they all worked together very well as a team. Defense was the team's strong point this year and offense put out a great effort.

Sean Garcia, center half, and Bobby Faishbach, center forward contributed a lot to the team this year as well as the other players.

Jim Amadon, the devoted and diciplined coach, did an exceptionally great job.

Good job boys, you were "on the ball" this year - we're looking forward to next year's season.

Girls Kicking it Off!

They're new, hot, and ready to take on the world! Who are they?!?! None other than Soquel High's Girls Soccer team. This year something different came into the scene at Soquel High for girls soccer, and boy did it catch on quick!

The coach for this year was Melanie Miller. Soquel had a hard time finding a coach, but fortunately Coach Miller accepted the job. This year's soccer team had a lot of talent and gusto involved. Each girl worked hard and gave it her all to make an impact for the very first year of girls soccer at Soquel High. This year's team is pretty young, but in a year or so will hopefully do even better. Keep up the good work girls!!

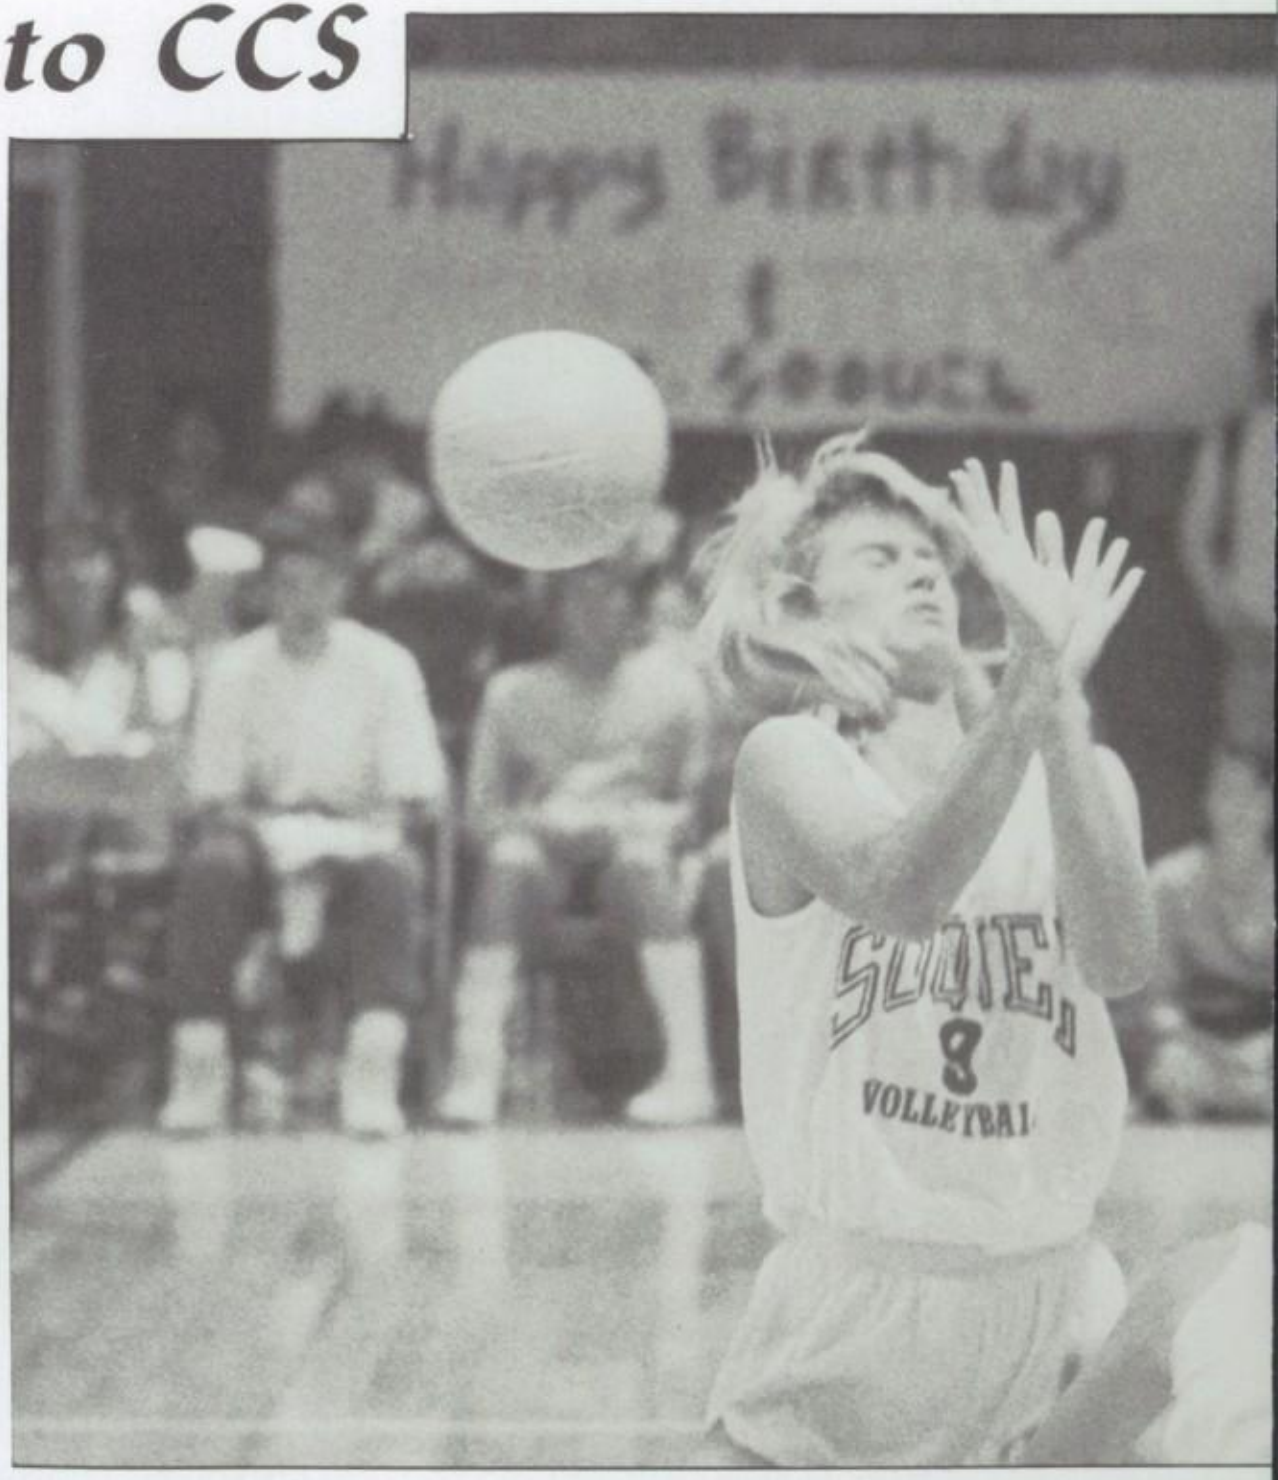
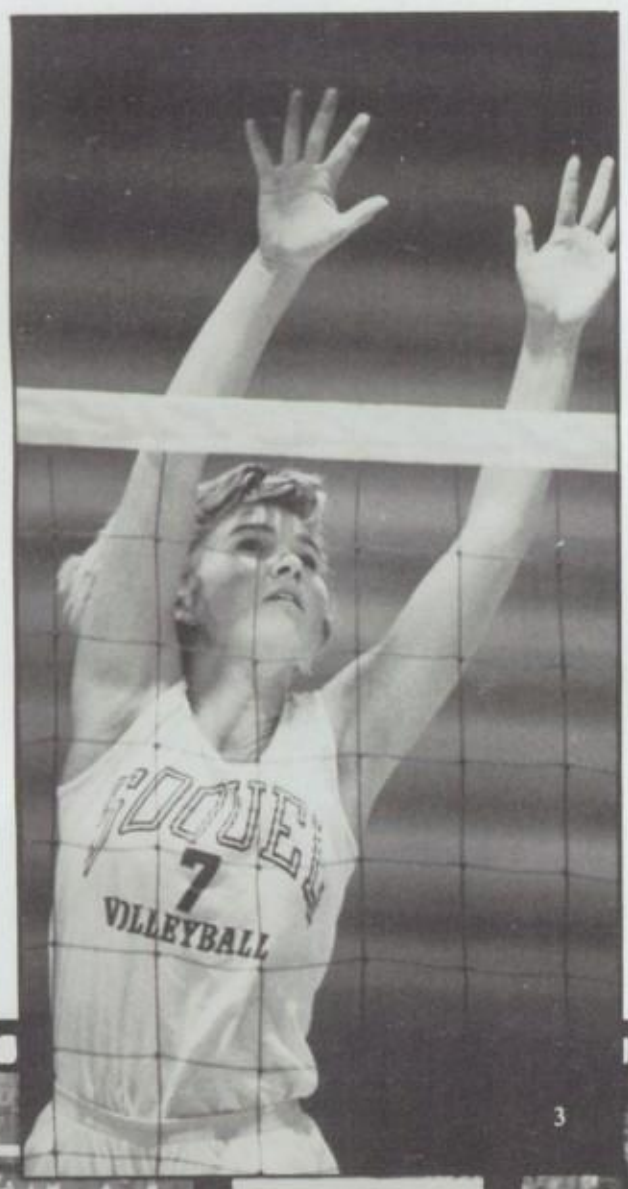
Girls Volley to CCS

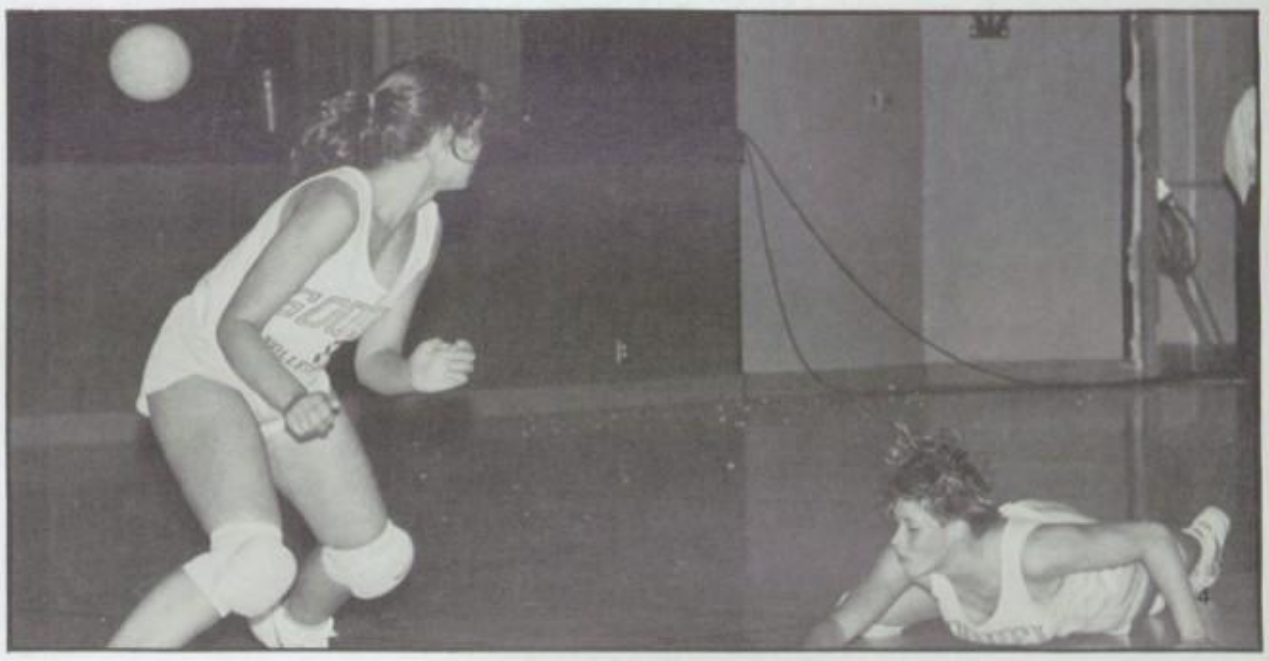
This year Girls' Volleyball was one of Soquel's most spirited teams! Consisting of many of those "beach locals", the team was simply awesome. Their spirited determination alone could have taken them to the number one spot.

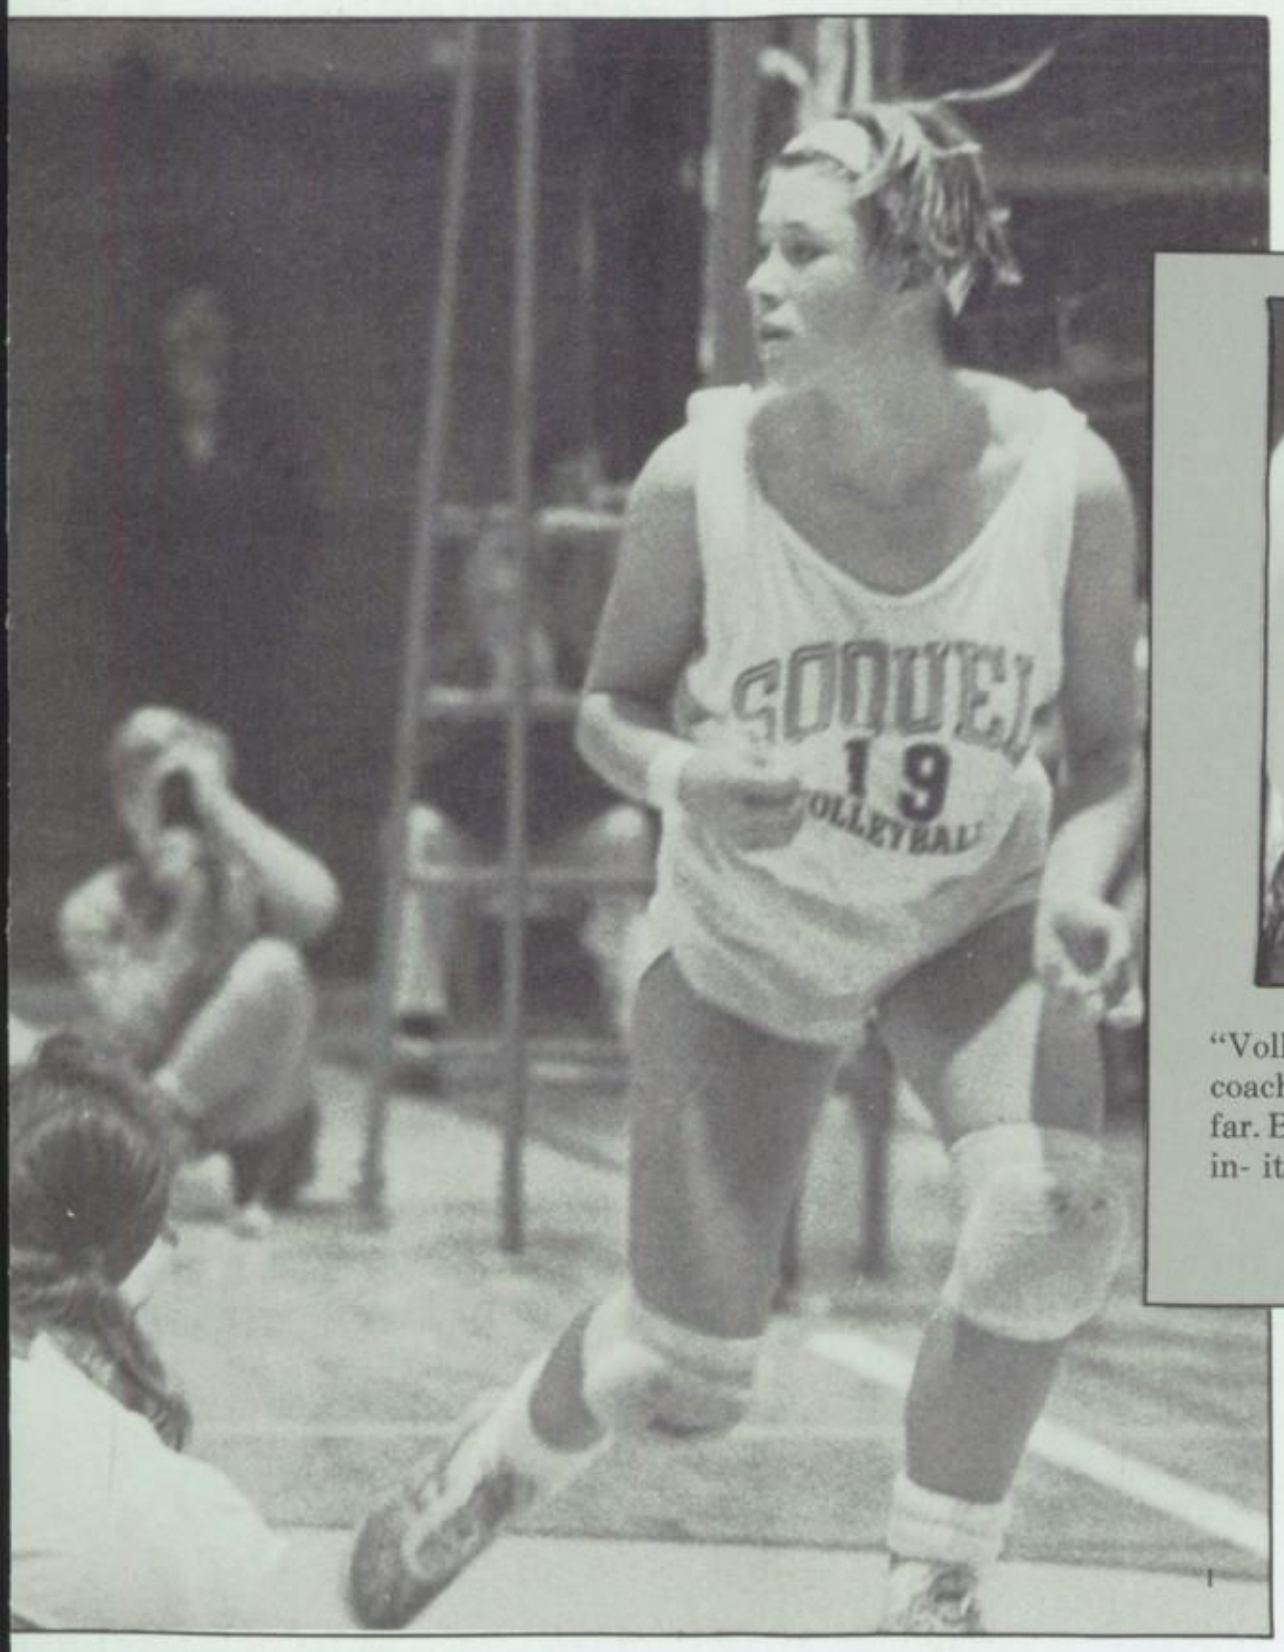
With their incredible talent and hard work, they made their way to C.C.S.

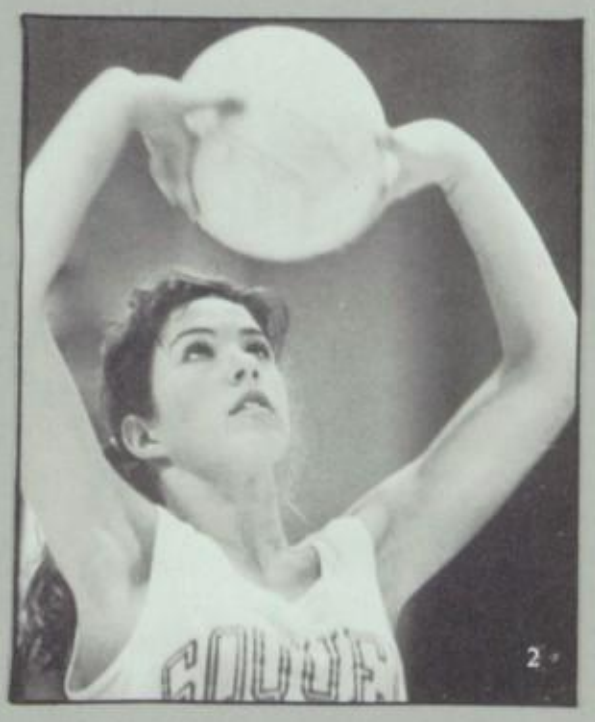
The team was led by coach *Jana Laster* and had added support from such outstanding players such as *Dierdre Dubois, Francie Vaughan, Shannon Wolf,* and *Julie Barnes.* Lucky for us, Soquel can keep these girls for another year, although they will greatly miss senior, *Jenni Poodry.*











"Volleyball is an intense sport. With a good coach and a strong team, you can really go far. But you only get as much out as you put in- it's what you make it to be."

WRESTLERS PIN DOWN A VICTORY

Coach Fishburn's experience and expertise pulled an unstable team together into a strong group of capable wrestlers. Through hard work, discipline and dedication, Soquel's 1986 wrestling team has had an excellent season.

Eric Schwartz, Bernie Edmunson, Kevan Carmen, Jim Feeney, Todd Kraft, Bill Richey and Moby Slater pulled together to form an excellent Varsity team. For the first time in 23 years, Soquel has won two invitational tournaments, placing first at both the SLV and Firebaugh Tournaments.

Girls Ralley For A Good Season

The girls tennis team, led by coach *Andy Lachman*, had a challenging year. With outstanding players such as *Juliet Fisher*, *Julie Cluggage*, and *Erin Peterson*, SHS managed to pull themselves up from where they have been in their previous years of girls tennis. This was the first time in a few years that the girls had a promising season. They placed third in the League Match.

Finishing the season with a pretty good record for Soquel, these girls can be proud of their hard work and determination. These Wimbledon hopefuls showed commendable spirit and continuous sportsmanship throughout the season with strong players as *Shelley Martell* and *Cindy Palmer*. With many graduating seniors on the team, next years team is in question. But with the hopeful return of undergraduate players such as *Tammy Hadreas*, *Danielle* Jordan, and *Juliet Fisher*, plus the addition of new, strong players, Soquel could score even higher than they did this year. Good luck girls- keep up the good work!!

"This was the best season that we've had so far!!!"

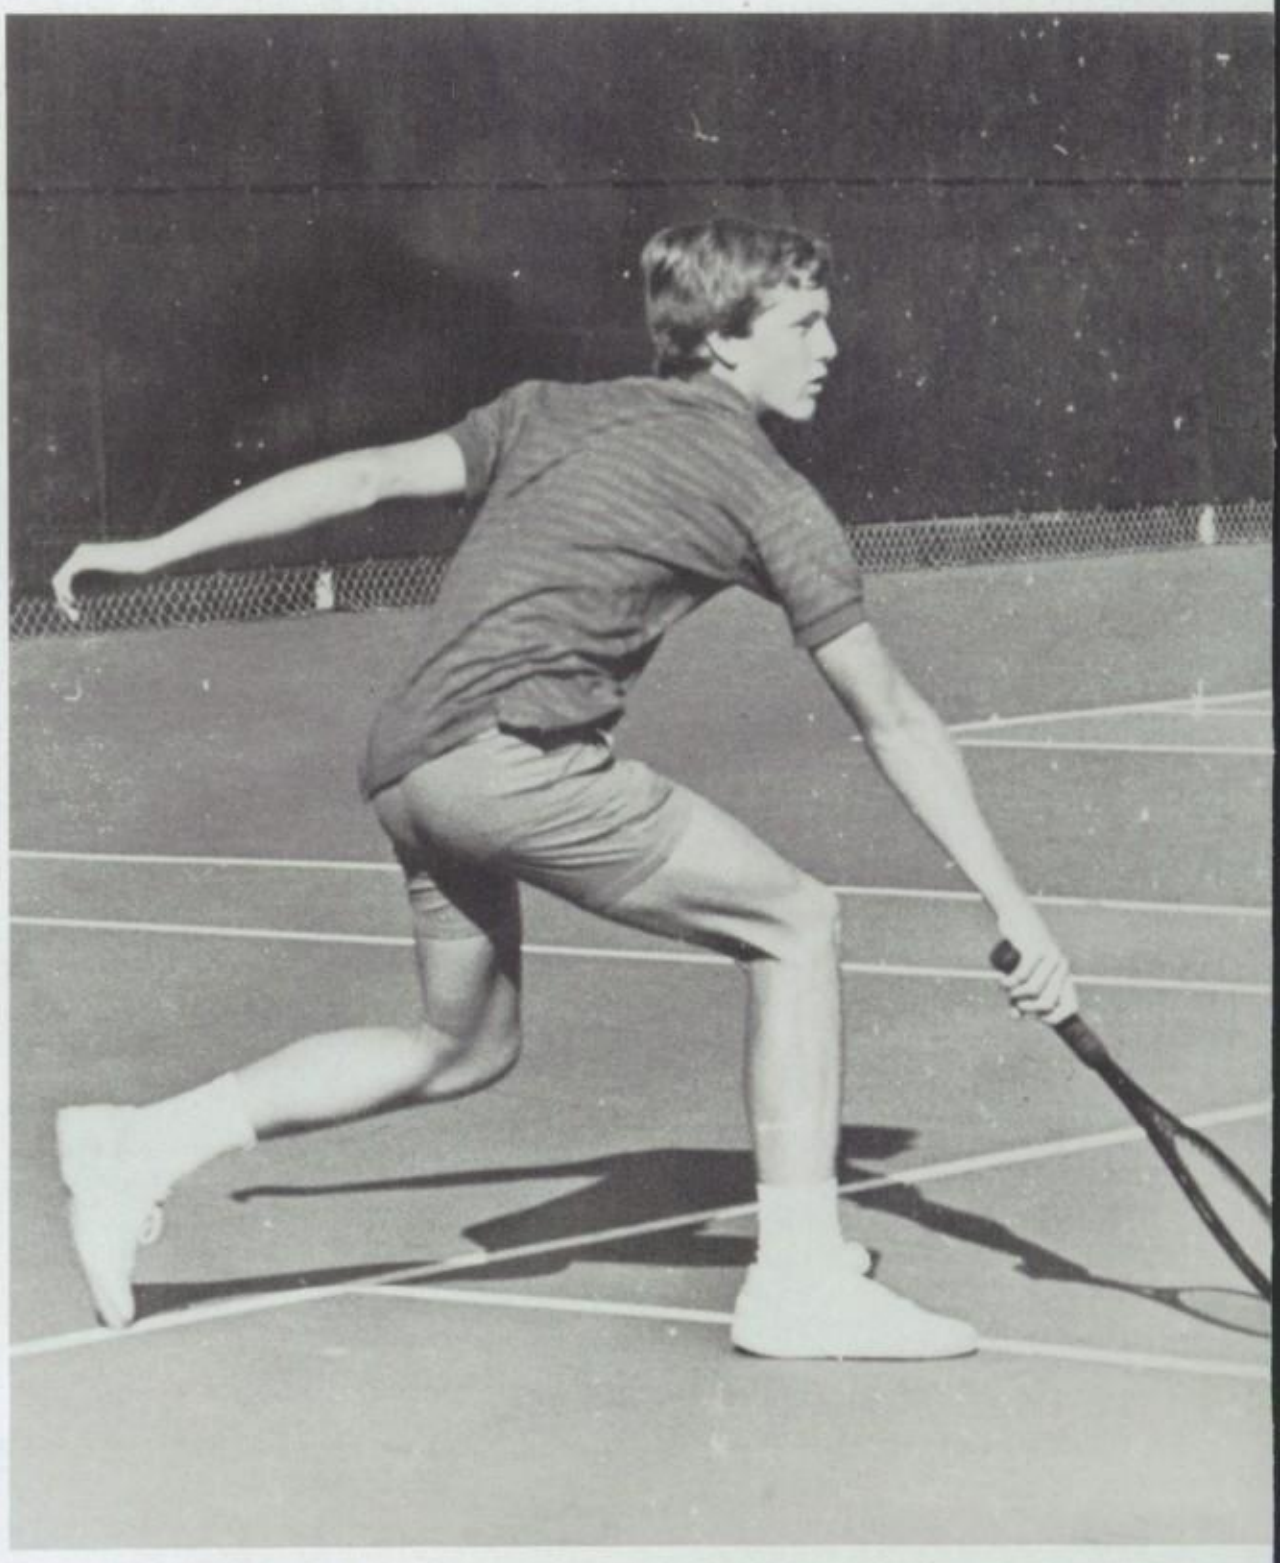
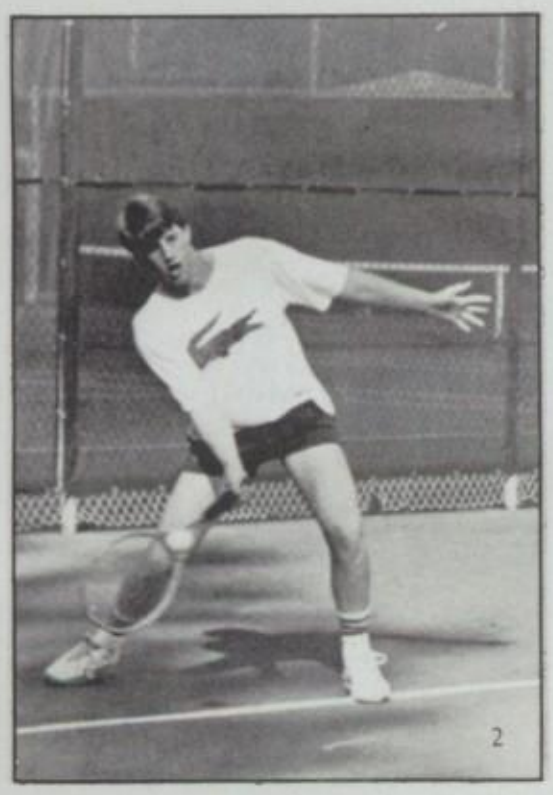
SWINGING INTO VICTORY



This year's boys tennis team is expecting an outstanding season. Under new coach Andy Lachman, a larger turn out than expected came out for the team. This year's team is led by #1 Richie Leeman and #2 Ron Keesling. This team is a very young team with only one senior.

The Knight's started the season very well. Despite an opening loss to Harbor, the Knight's bounced back with two wins in a row. Including a 7-0 whipping of Monta Vista.

With that start, the Knight's hopes are even higher. Off to C.C.S.



"I hope to win this year but I also hope to grow as a person. Tennis really helps me set goals and then strive towards success."

C.C.S. Stoundouts

This years boys cross country team suffered through a very disappointing season. Although they failed to win a meet, they were very competitive. They are hopeful of a successful season next year with standouts *Mike DeDiego* and *Frank Mowrey* returning for another year.

As for the girls, they had a spectacular season. They won the league championship and successfully closed out the season by placing second in the C.C.S. Region 4 finals. They were led by juniors *Christi McCutcheon* and *Tabby Kraft* who will also be back for the Knights next year.

GIRLS DASH TOWARD VICTORY

"This year was one of the best combined teams Soquel has had. Along with the hard work and competition, I really enjoyed getting in shape too."
—Cristi McCutcheon

With many young girls involved this year, the 1986 Track Team did exceptionally well. It was difficult to get a head start due to the rainy weather, however they still practiced hard for a promising season. The majority of the team were inexperienced runners who strenuously worked and developed their potential for next year. The girls enjoyed the exercise, the fun, but most of all leaving their competitors far behind in the dust!!

WATER POLO 1985

Soquel High's water Polo Team of the 1985 seasons will be remembered for a long time has made it to C.C.S. playoffs. Another record was set when the Knights stunned Harbor High by beating them 9-8 in the Double Elimination Tournament for one of the two positions in the C.C.S. tourney.

This tremendously powerful team was led by five seniors. The keen eyes and great-hole playing by *John Howard* helped advance the team to C.C.S. *Steve Showers* an agile and at the same time a knowledgeable player was always there when a pass was needed. *Eddie Laster* (nephew of *Coach Don Laster)* and *Cary Schirmer* led the team in points scored. Finally *Patrick MacCrone,* the goalie who "made some critical saves in the final games to clinch a C.C.S. berth" according to the Santa Cruz Sentinel, was at his best.

The Water Polo team was seeded ninth in the C.C.S. This year six players were named to the All SCCAL-Team. They were as follows: *John Howard, Eddie Laster, Pat MacCrone,* and *Cary Schirmer.* Finally for Honorable mention *Rob Rittenhouse,* and *Sam Radetski.*

MacCrone has been named to the All-SCCAL team three times in his high school years. *Cary Schirmer* twice and *John Howard* once. Thus proving that the more time one puts into a sport the more one gets out of it.

Coach Laster when asked what he thought of this past season stated, "I'm pleased with our season, we came a long way and we were especially glad to be in C.C.S."

Special thanks to assistant coaches *Jeremy Gilbert* and *Bill Friel.*

Catching the Motion

The guy's swimming team had a lot of talent but not as many swimmers as hoped for. The season was a productive one for the seniors who have in the past swam all four years. The younger J.V. team has a lot to look for in the years to come. Both teams were made up of hard working guys who love to swim. All in all the team had a good season and most important—fun! The coaching was done by Coach Don Laster and Colette Kamian. Next year they hope to see more guys catching the motion of swimming.

Girls Make Big Spash

The Girls' Swim Team captured a second place league title with their hard work, excellant coaching, and certainly their super talent!

Led by coaches Don Laster, Collette Kamian, and Brooke Dick, these girls proudly placed first in the 400 Medly Relay. Michelle Dixon, the team's most outstanding swimmer, broke many school records this year. Rachel Sweet and Lenny Marcus provided much ability on varsity along with freshmen Brooke Owens and Grace Howard.

Erin Tera and Jenny Horn led the junior varsity to a promising year. There are many talented hopefuls here for following years at Soquel.

A Friend Remembered

We will all have fond memories of a very dear and wonderful man. We miss his teaching and his friendship by Al Wright will live in our hearts forever!

Mr. Wright taught thirty years in his teaching career. Seven or those years were at Santa Cruz High and twenty-three of them were spent at Soquel High.

Since 1968 Mr. Wright had taught American Government with friend and colleague Mr. Smith.

Mr. Wright really cared about what his students learned and was also concerened with their personal lives.

Generations back and those today comment on how Mr. Wright was their most favorite teacher.

Mr. Wright: a devoted teacher, hard working coach, loving father, disciplined leader, role model, encouragement, always there when needed.

A Closer Look at Science and Social Studies

The Soquel High Science Department is dedicated to offering a wide variety of quality science courses, designed to meet the varied needs of all of our students. College-bound students can choose from such challenging courses as Biology, Chemistry, or Physics. Adventurious students, seeking the unique and unusual, may choose from courses such as Anatomy/Physiology, Science and Technology, or Marine Science. Those students with a limited science background can be introduced to the basic principles and methods of science through courses such as Life Science or Physical Science. Whether the student is simply seeking to satisfy her/his graduation requirements, or is working toward the challenges of a college education, the Soquel High Science Department will meet your needs.

1985-86 proved to be a historical year for the Social Studies department with the changes in curriculum and staff. The "World Civilizations" course was launched for freshman and replaced the previous Introduction to Social Studies course. Staff members also began the development of the "Global Issues" course which will be implemented in the fall of '86.

In the Spring, students had an opportunity to visit Washington D.C. with the Close-up program and students got a first hand look at the Federal Government in progress.

1) Two students carefully work on a chemistry experiment. 2) Sheri Chaney looks dazed after an hour in American Government! 3) Tianne Larson looking very scientific in her chemistry class.

Looking At Language

The English department tries to prepare each student in effective communication skills. With a wide range of both required and elective courses, the department provides opportunities for students to develop their reading, listening, speaking, and writing skills. After a freshman year background in survey courses students go on to participate in composition, American Literature, Speeck, and a free-choice elective. Electives include courses in journalism, creative writing, drama, tutoring, pleasure reading, and literature.

5) Doing French exercises on the board 6) This student is diligently taking class notes - or is writing a note to a friend! 7) Another side of schoolwork - *FRUSTRATION!* 8) Mrs. Beede, the French teacher, is ready for action.

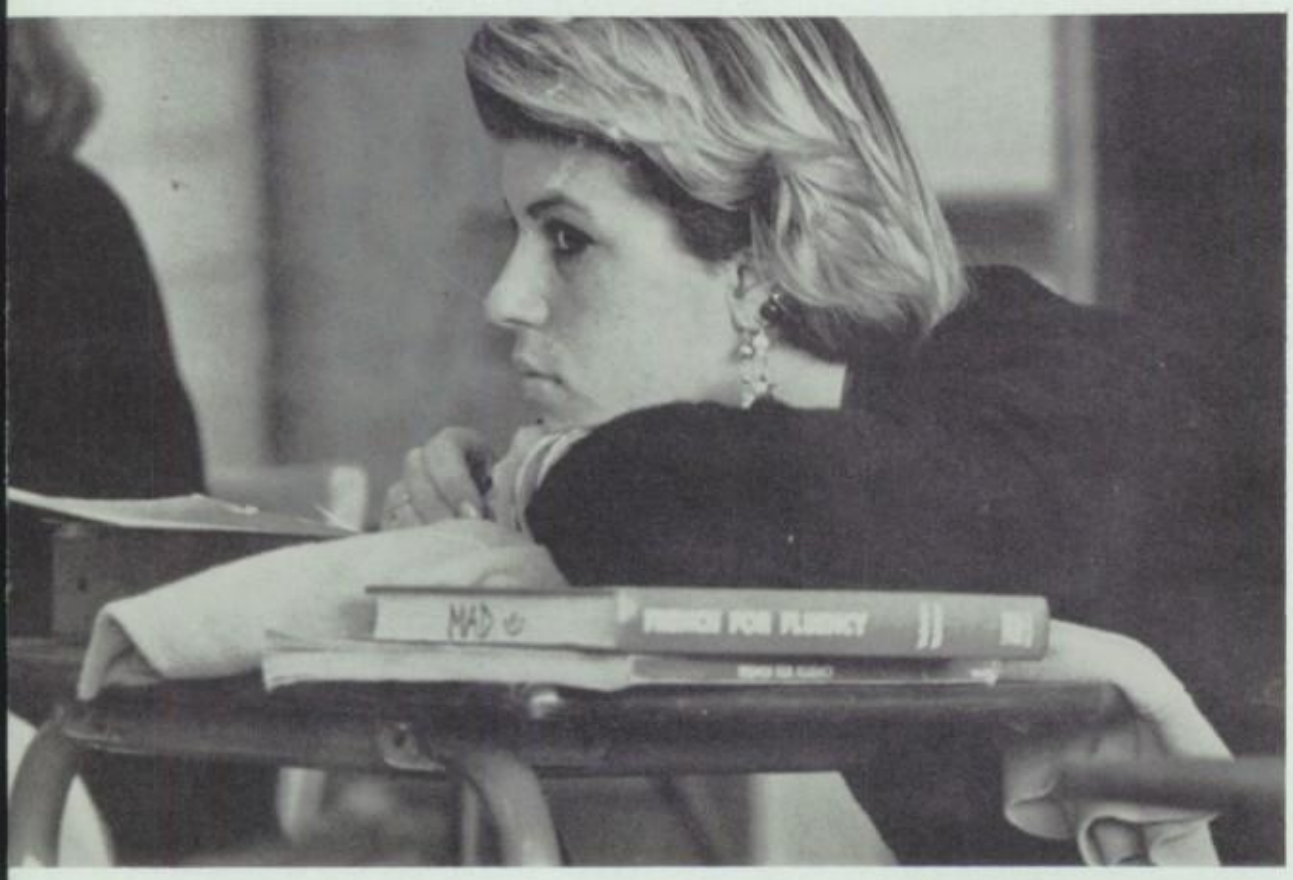
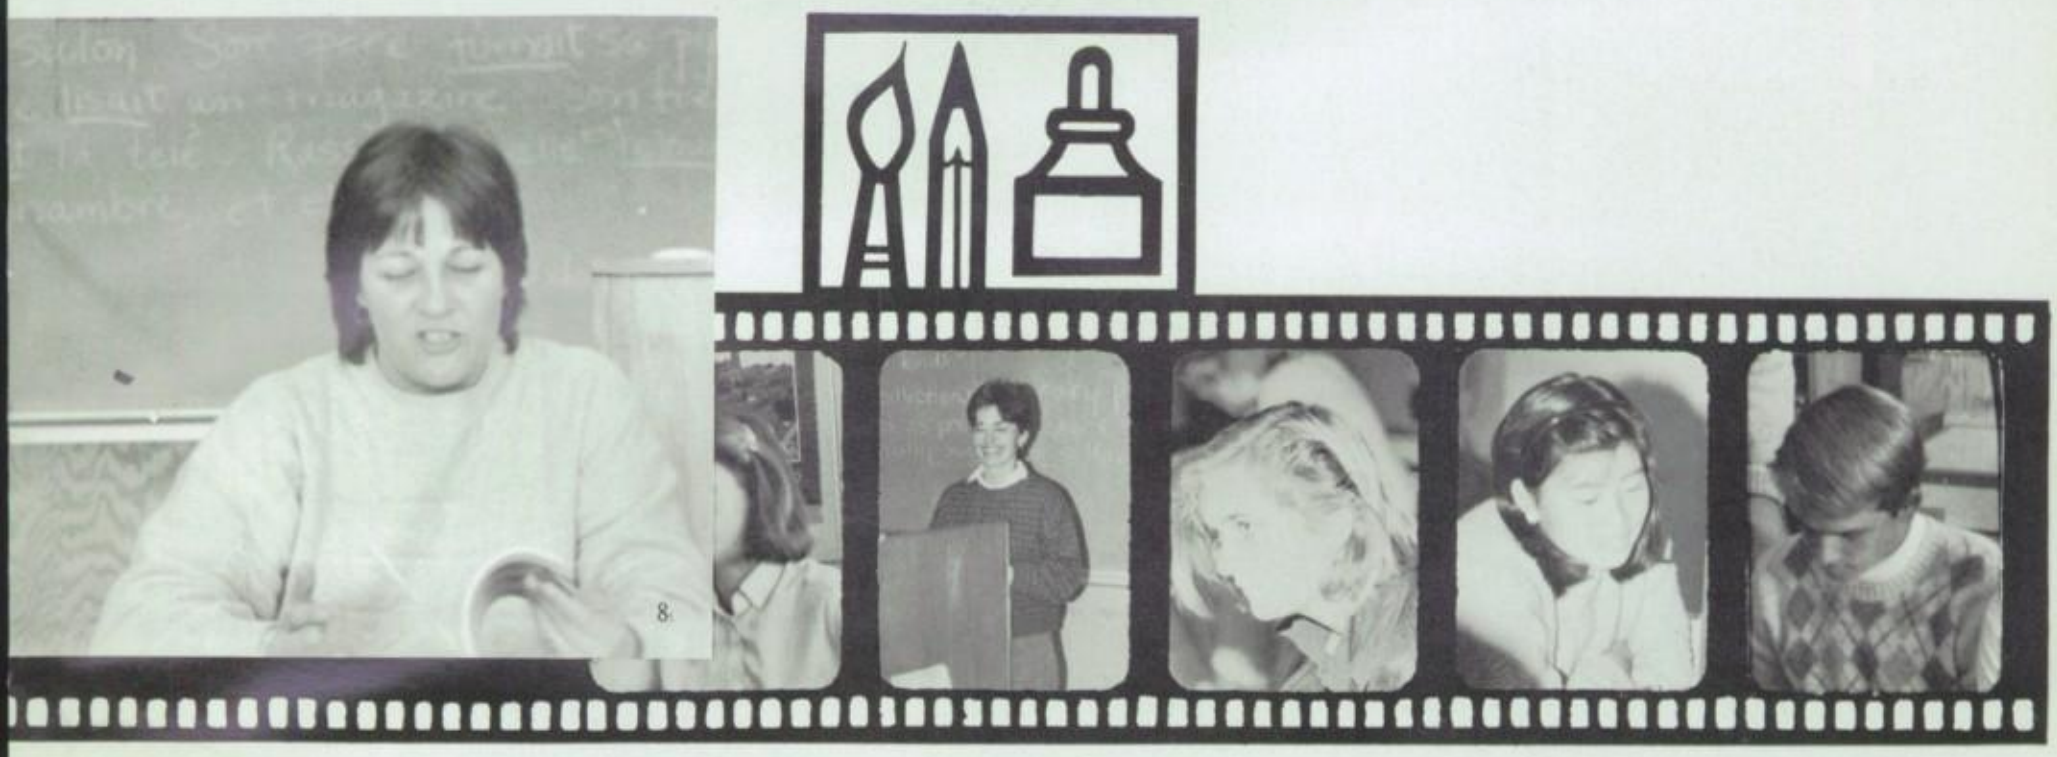
Foreign and Domestic



It was a banner year for the Foreign Language Department. This was the year that we are blessed with two new teachers, Denise Keplinger and Pat Munoz. This was the year that we restored the language lab. This was the year that we sent our students to France and that we welcomed foreign students from Germany. With classes added in French, German, and Spanish, this was the year that the Foreign Language Department became the fastest growing elective on campus.

1) Close friends chatting after class. 2) The best part of class, socializing! 3) Margo Gaydon is exhausted for her French class. 4) Amidst the balloons there's some real learning going on!



WHEN THE GOING GETS TOUGH

Do you want to find out what's happening on campus? Ask the yearbook staff. The **Citadel** covers everything imaginable that happens throughout the year. The staff put many, many hours into this book, some were frustrating and some were a barrel of fun.

We all learned fast what it is like to work under a deadline. There are creative minds needed to design layouts, talented photographers to take snaps, and informative students to write copy. This just skims the surface of a very large job. It is time consuming, but lots of fun.

The staff welcomed a new advisor, Bonnie Hilbert, this year. The job of Editor in Chief was Rebecca Griffith's responsibility and she was supported by industrious section editors and a reliable staff. Special help in photography came from Colette Kamian who provided the Citadel with some excellent sports photos. Everyone learned, "When the going gets tough, the tough get going."

After all the layouts were finished, proof sheets checked, and corrections made, the yearbook staff awaited the arrival of the 1986 Citadel. It is the hope of the staff that the student body will be pleased with the book as we put our **Knights in Focus.**

The Lancer Focuses on the News

Chaos but fun! . . .
This describes the lancer staff exactly. The Lancer staff has been busy all year informing students of the current campus news and activities. Each edition has been filled with interesting, exciting editorials and personals. With the help of Mrs. Petrock, the Lancer staff, throughout the year, has professionally and efficiently put together Soquel High's monthly newspaper.

. . . The Lancer . . .

"There's a lot of work put into each edition, but with the big staff we've had this year, it's been more fun than work."
Laura Courtney (Co-Editor)
"The best thing about this class is that you can expose things that are happening at school; things that maybe you feel should be stopped and do so knowing that it could very well change things."
Benjamin Smith (Editor)

Classes For All Interests

Industrial Arts offers great experiences for later professions. These rewarding classes offer many different classes for the student to choose from.

Woodshop, Metal Crafts, Drafting, and Auto Shop are some of the types of Industrial Arts offered.

Woodshop consists of Begninning and Advanced Woodshop and Woodshop Management.

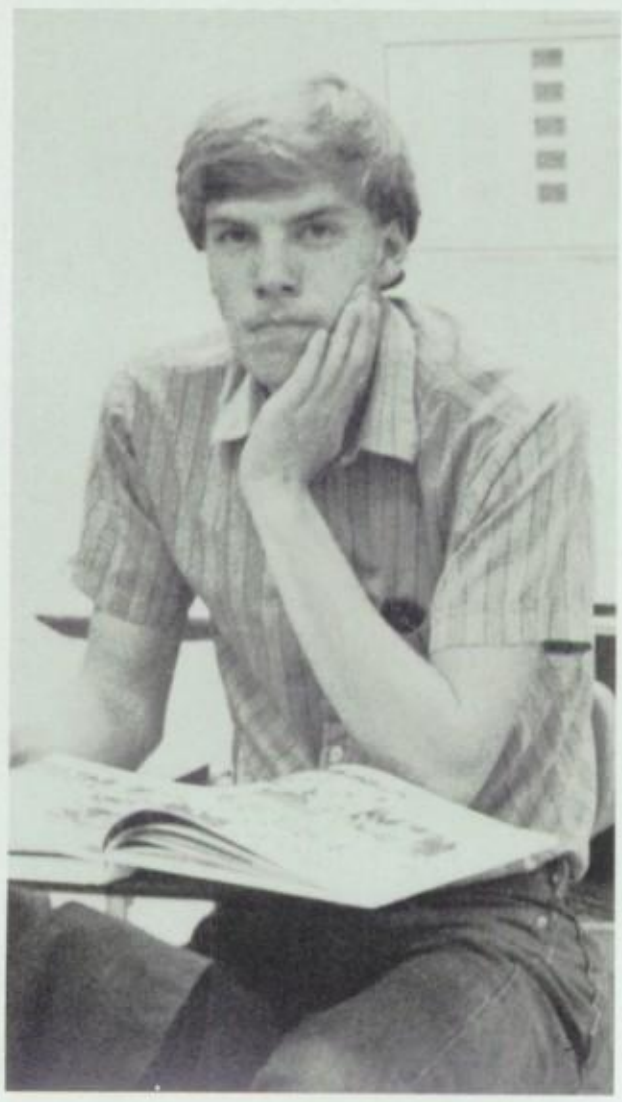
Metal Crafts consists of Metal Crafts 1 and 2, Advanced Metal Crafts, and Metalshop Management.

Drafting 1 and 2, Advanced Drafting, Vocation Auto Technology, Advanced Vocational Auto Technology (ROP), Mill Cabinet/Carpentry (ROP), and Mechanical Drawing sum up the Industrial Department's courses.

This year was very productive and students learned many valuable skills, thanks to Mr. Bassano, Mr. Bruce, Mr. Fishburn, and Mr. Sevrin.

There is more to the Soquel High's Agriculture Department than meets the eye. Students involved with these courses are preparing themselves for immediate work in practical plant science related careers as well as advanced college level training. The Agriculture Department is helping these students prepare for readily available jobs - more than they realize. One out of every four people enter into this type of field. Each separate class, whether it is Floristry, Nursery, Horticulture, Landscaping, or Forestry is helping the individual learn business management. Most of these students belong to Future Farmers of America, and many perhaps will develop their own home business. The program includes both the classroom and outdoor activities. They are equipped with the most up to date tools and equipment used by the professional.

The Agriculture program has helped the school environment tremendously. The landscaping area and the Flower shop on campus is great financial help to the department.



There are more things to learn at Soquel High than reading, writing and math! Soquel High School has a very strong Fine Arts department that ranges from Beginning Art to Musical Production. The Art department has a beginning art class, sculpture, ceramics, and painting classes. The often share their talent with the community by painting store windows in Soquel. The Music department has a beginning Mixed Choir, a Treble Choir, guitar classes, beginning instruments, a Jazz Band, Orchestra, the Marching Band, and the Concert/azz Choir containing Soquel's fourteen top vocalists. In the Spring the drama and Music Departments combine to put on a musical that has captured high reviews over the past few years.

The Fine Arts Department has given many students a chance to develop their special talents in areas not often covered by the regular school cirriculum.

There are many choices for students in the Home Economics Department! For those interested in children, there is an Exploring Childhood class, and a Community and Family Health course as well.

For students getting ready for the "real world", there is an On Your Own class that covers everything from opening a checking account to renting your first apartment.

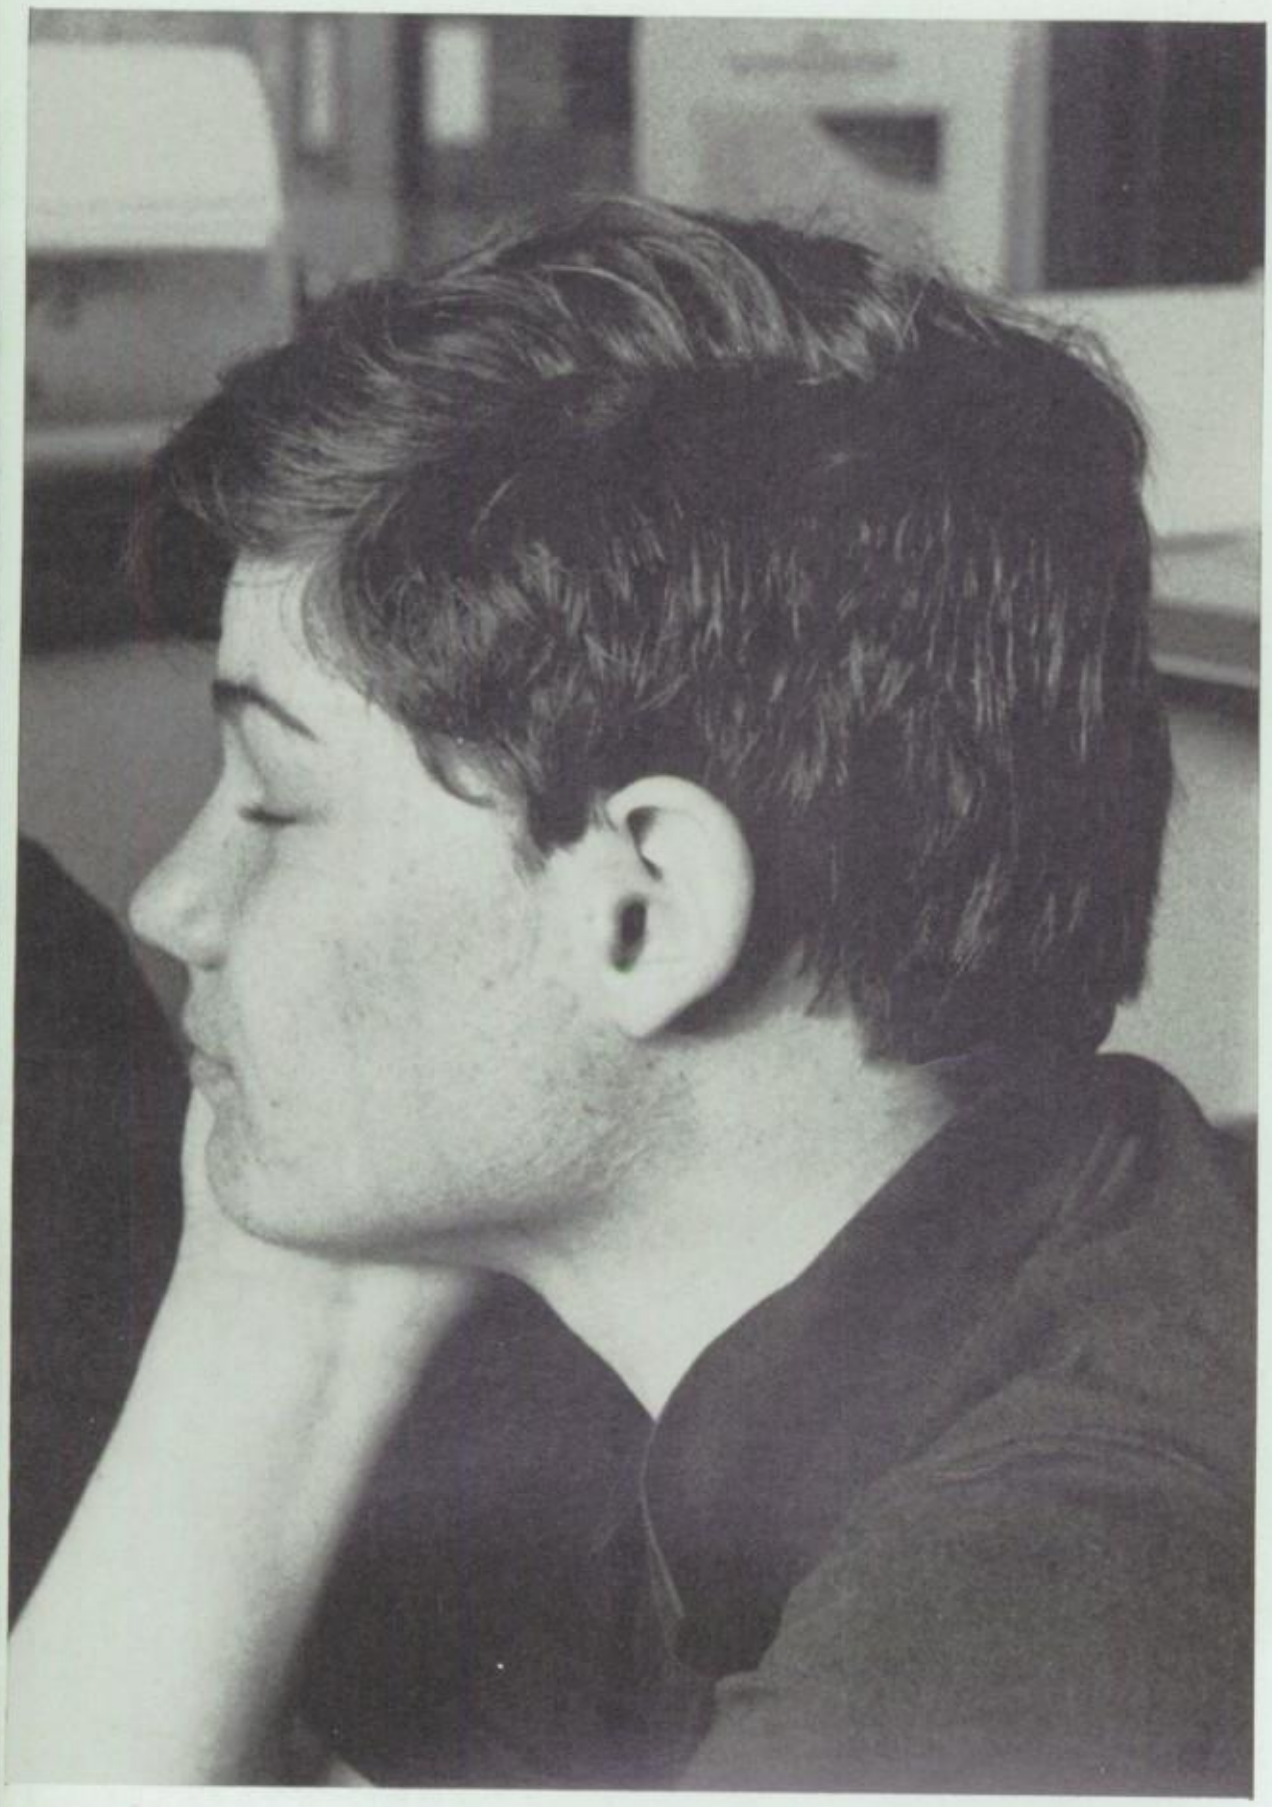
For those who love to create with their hands there is an interior design and a sewing class. There are beginning and advanced foods, and for those who are planning on making food their career, there is a special Cooperative Food Service Occupations class.

Sparks fly as a student works in Metal Shop. 2) Making a sculpture come to life. 3) A student shows her mazing Talent with a paintbrush. 4) Mike Driggers getting ready for T.V. production. 5) Cheer up, Dave! earbook is *FUN*!! 6) An Agriculture student is amazed with her work. 7) A lot of time and care goes into each oral creation.

Zooming in on Departments

Physical Education at Soquel High stresses participation and instruction in a wide range of games and fitness activities. The results are skill development, an improved fitness level, socialization and cooperation among students, and a realistic attitude on the body's capabilities. The goal of the P.E. Department is for each student to leave Soquel with the desire and the means to maintain a physically active and healthy life.

Students who qualify for the resource specialist program have average or above average intelligence and a specific learning disability in reading, writing or math. The majority of their school day is spent in regular classes. The resource specialist program provides these students with an individualiazed program in academic areas and support in their regular classes. Course offerings include: English, Math, Social Studies, Science, Tutorial and Work Experiance. Although it is difficult for some of these students to achieve success in school there have been many successful people with learning handicaps throughout history such as Bruce Jenner, Albert Einstein, Leonardo DaVince and Cher., to name a few!



Learn to earn" is the theme of the Business Education Department.

Many students get immediate employment after they learn the skills offered in Business Education. Other students use their business skills for personal uses as a consumer or as a college student.

The typing classes are probably one of the most useful classes offered in this department. The business field is becoming a very popular field and the classes offered here will be very useful to prepare for such a career. Record keepig, Accounting, COOP Vocational Education and Business Math are all included in this program.

Soquel High's Math Department is locally known as being one of the best departments in the Santa Cruz School District. We have a highly excellarating program being the only school in the district to offer Trigonometry as a semester course. Dennis Stanton is doing an outstanding job as the department head, coaching students for the Academic Decathelon and the SAT. "The fact that the top math students at Soquel perform very well in all math contests shows that not only the students but the teachers are top notch," says Glen Roiz. Our teachers with their great sense of humor make their classes more pleasant and enjoyable.

1) What's going on over there? 2) What could the answer to #7 be? 3) A freshman girl's P.E. class goes Jazzercise. 4) A student concentrates on Mr. Brennan's every word in the class. 5) Some students busily working on the computers. 6) Russell Graeff seems lost in his thoughts while a classmate stares out the window.

Gary-
Even though you didn't have a "choice" - being Dr. Krovetz's aide - I'm sure glad it was you. Hope you will do it again. Thanks for your help -

Mr. K

What makes Soquel High tick? How about our chief man Dr. Martin Krovetz? With the help from vice principals Mr. Lee Olin and Mr. Ron Walters, this school has become a well organized and rewarding environment. These three men are out to make us students proud of our school. And we certainly are! We can not forget all the help from the beautiful ladies at the head desk, and our saviors in the counseling office. Together they keep this school ticking!

This is Dr. Krovetz's second year as principal. His new ideas, good intentions, and great attitude has made Soquel a better place. Some students may disagree with some of his new policies, however, these are just changes he feels for the better. Dr. Krovetz is a great asset to this school.

Mrs. Peck seems unamused by Mrs. Walter's joke.
Mrs. Rossini, the principal's secretary is kept busy.
The workplace of our many administration and erical personnel.
Dr. Krovetz keeps in contact with students' parents.

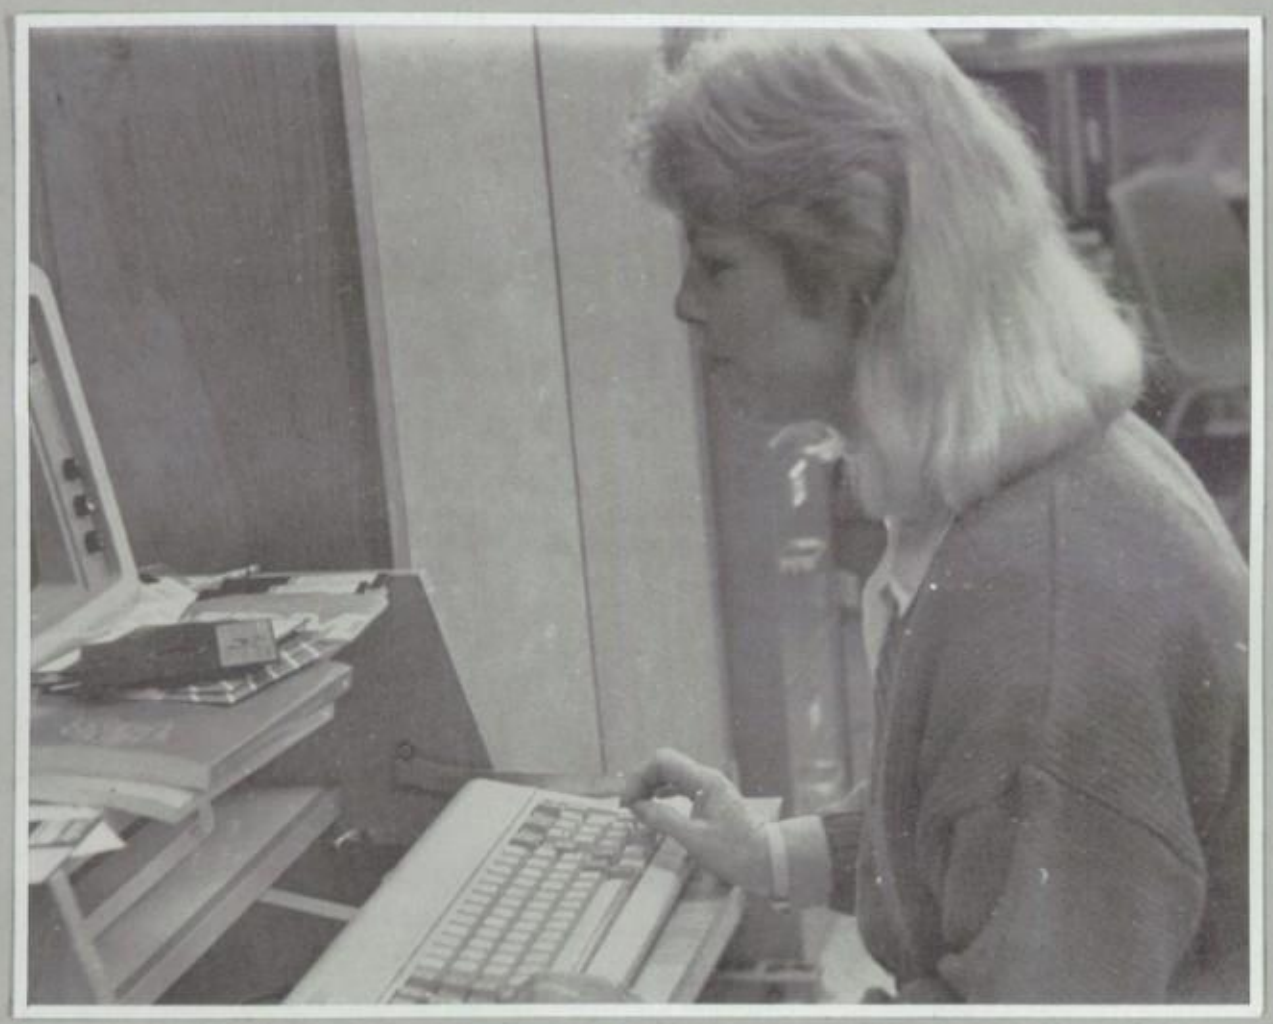
Soquel High School doesn't merely run itself! There are people continually working behind the scenes, making sure that things go smoothly.

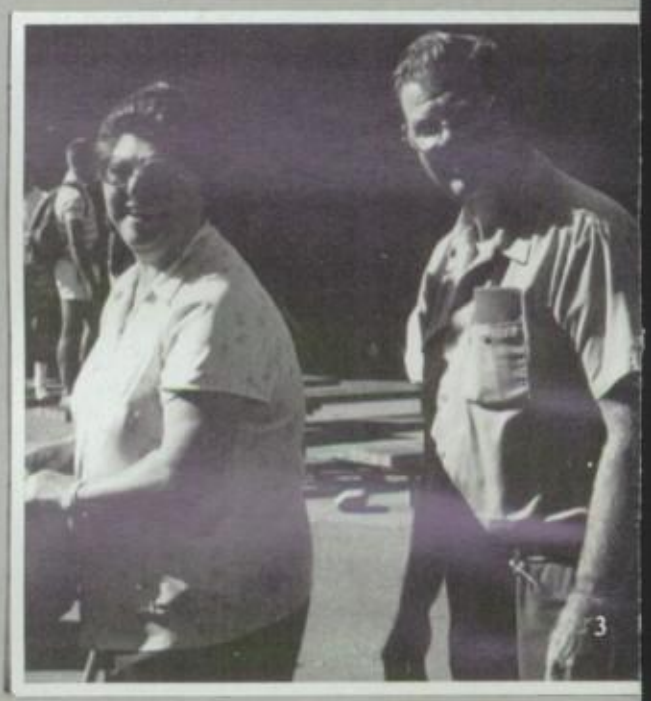
Our principal and the two assistant principals take on the large task of enforcing rules as one of their duties. We have four counselors who help students with their class selections, and assist college bound Seniors with their requirements. Our attendance office is run by two brave ladies who try to keep a record of all the absences and tardies. (not an easy task!) There are four different secretaries spread throughout the seperate offices who try to keep their departments running at an even pace.

Our library and AV book rooms wouldn't be possible without the dedicated people who run them, either.

We have two health clerks who spend their time taking care of minor afflictions and the occasional injuries of our students. Finally, we have the janitorial staff, which probably has the largest task of all! To keep our mighty campus clean every day.

Each faculty member plays an important part for our school, but we especially want to thank these few for the jobs that they perform.





1) Dotty Garske and Darlean Pope share a friendl moment in the counseling office.
2) Alice Wilson works out the activities schedule o the computer.
3) Sam Toy and Ellen Lucido stop to pose while clean ing up after us.

Through out the course of the school year the Citadel staff produced 248 pages for the 1986 edition. Events of the year were covered through photos, copy and captions. Herff-Jones yearbook company of Logan, Utah published this year's book. The cover was designed by Rebecca Griffith with actual artwork by Design Express. Many thanks to Bonnie Hilbert for all her time and patience as advisor. Mrs. Hilbert also provided many sports photos. Expert assistance came from Mrs. Tenny Garner Herff-Jones representative. All of the staff appreciated her, Special thanks to Colette Kamian who took some great swimming photos for the Citadel. We appreciate also the fine photographic work provided by Harry Dong of Larry's photography.

The most important thing to remember about producing a yearbook is learning more about yourself and other people. If anyone on this page hasn't been thanked enough, I myself would like to thank everyone for making my job as editor a learning experience and one I'll never forget even after I leave Soquel.

DIVING AT ITS' FINEST

- Diving is as safe as swimming and *safer* than many other outdoor activities.
- You don't have to be strong or even a great swimmer to scuba dive.
- Most divers have never seen a shark. And those who have, took great pictures.
- Diving is fun to learn, and after just a few sessions of class and pool time, you're ready for open water.
- And it costs very little to start—about the same as tennis. And for those who become fully involved, diving costs are similar to those for snow skiing and golf.

So call now for our new class schedule.

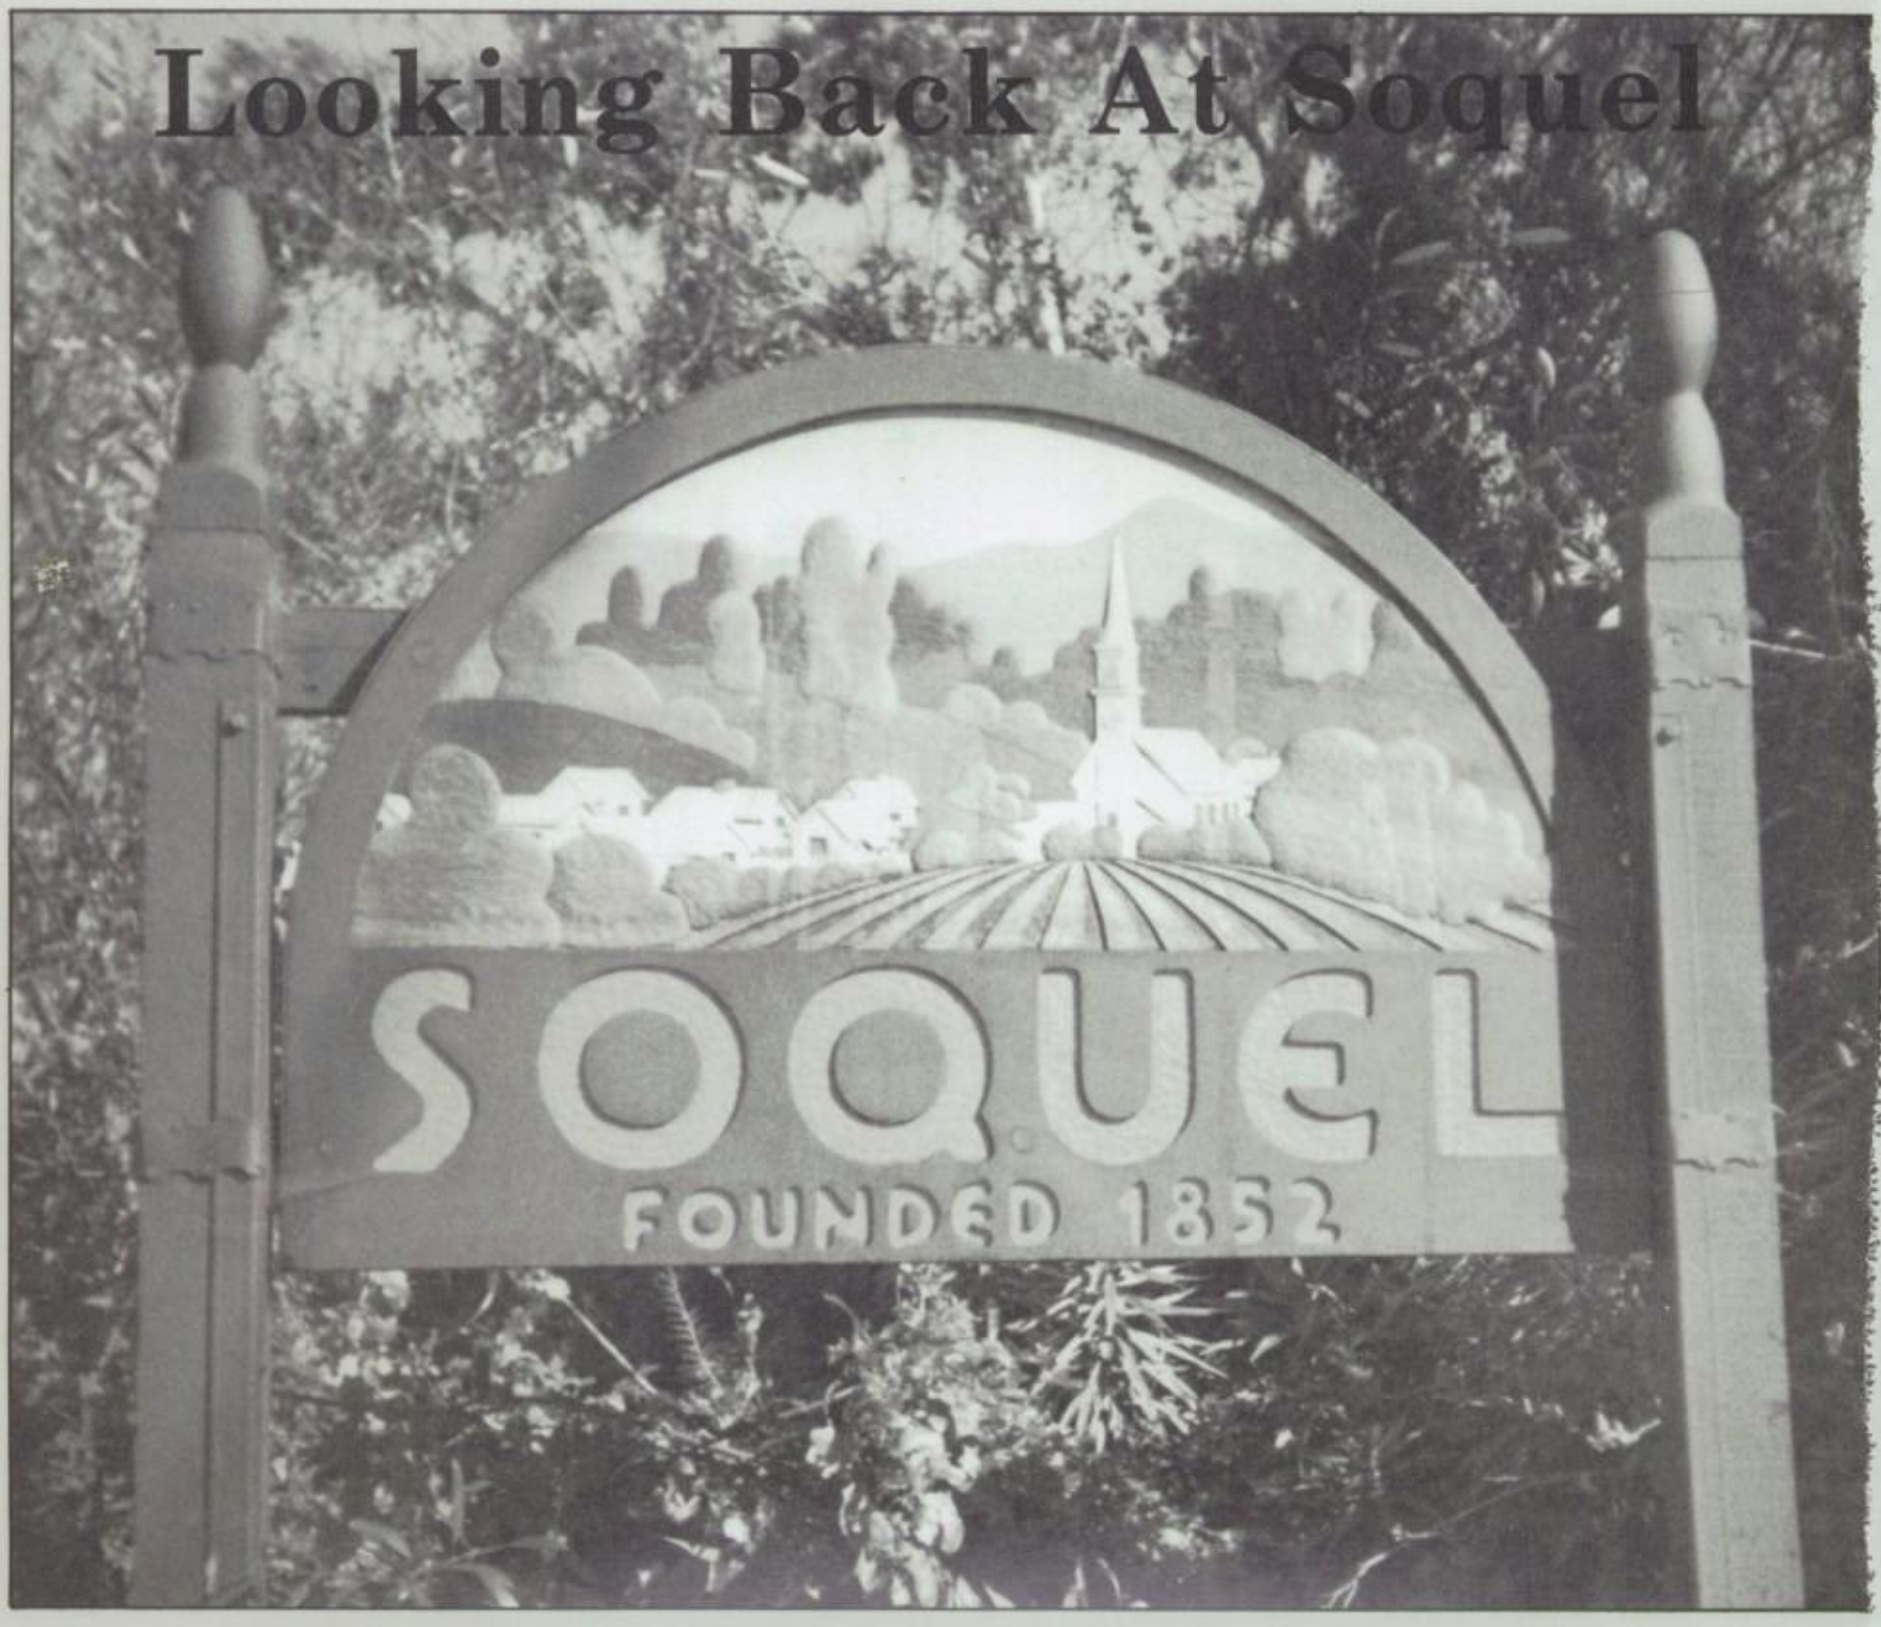
Looking Back At Soquel



This year, Soquel broke its own record on students in attendance. Every year more and more students have flooded the halls of our school. This year was no exception. With about 1774 students, many were left without lockers. It seems that the coming years will hold even more students.

From a senior point of view, this book will be one last look at high school life. Four years of hardships, embarrasments, struggles, accomplishments, and crazy times which are now all part of the past, will be special memories when we are older. When looking back at Soquel, remember the noon time fun, exciting football, basketball, and baseball games, dodging bifds, finding the closest parking space, crazy parties, scams, hookups, the drive-in, dances, but most of all the special friendships.

During the school year, seniors made plans for their future. The majority of colleges applied to were Cal Poly, San Diego State, UC Santa Barbara, and San Jose State. Waiting to hear from these universities was a source of anxiety among the college bound seniors. Cabrillo College is where many will attend.

After three years of preparation, juniors are anxiously waiting to become the biggest men on campus. Sophomore have now found their cliques and hav adjusted to their niche. They do look forward to no longer being considered underclassmen. If this year's freshmen di not have a difficult time, consider yourself lucky. You missed out on the expect ed problems for a freshman being teased trying to find classrooms, and making friends.

Here's to another excellent schoo year. We fade out now for summertime but wait for more continued good time as we focus on Soquel in the years to come.

To Gary: (maybe you'll be lucky to ride in my RX7!) "ole" √ea

(GaeBear) So our Secord Summer is coming up can you believe it?? One Summer w/ you is enough - Your a real Sweet and Lovcable guy you make the little Girls cry - Your Sooo Great (haha) Your my bestest friend ever I know I can trust you w/ anything that I need to talk about.
